NEW WAY

to tell the best-tasting beer in Michigan!

It's made in closed vats!

A. ALTES LAGER beer is made exclusively in closed vats, unlike other beers made in open vats.

B. Beer made in closed vats tastes better—because air or anything else harmful can't get in—and no flavor can escape from a closed vat.

C. Compare the exclusive aged, sealed-in flavor of ALTES LAGER with any other beer. Your taste will tell you it's better because it's made in closed vats!
