

Safety Award Given to Bell Employees

The 38 men and women employed by the Bell Telephone company in their Birmingham office attended a dinner in Royal Oak last week where their department received an award for their seventh consecutive year with no lost time through accidents.

Norton McPherson of Pontiac accepted the award in behalf of the other employees in the department. The presentation was made by Arnold Anderson, district plant superintendent.

Joan Burnett Wins Jr. Judging Event At Detroit Dog Show

Miss Joan Burnett, 16, daughter of Mrs. F. Dean Burnett, 1619 Buckingham, won the junior judging contest at the Detroit Dog Show Saturday, judging collies. She was awarded the \$50 first prize during the Sunday show.

Miss Burnett was accepted as a judging entry last year but failed to enter the prize field. Her acceptance came this year, after her essay placed among the top entries. She competed against 13 others in the judging contest. Miss Burnett also handled a black cocker during another show class.

So Fur, So Good

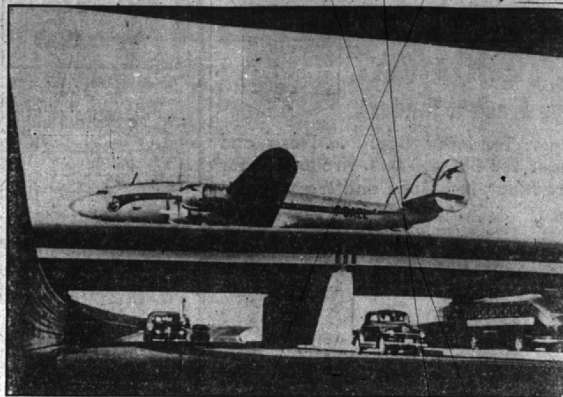

Model Joyce Russow finds this pearl gray stole of mutation mink is just enough to shield her from Florida breezes. The unusual fur—and Joyce—were displayed in a recent fashion show at Miami Beach.

Seafaring Author to Tell of Cruise Around Cape Horn

Commander Alan Villiers, author of seafaring best sellers and World War II hero of combat landings all the way from Burma to Normandy, will show new color motion pictures filmed last summer and speak on "The Set of the Sails" in a World Adventure Series public lecture at 3:30 next Sunday, March 13, at the Detroit Institute of Arts.

Villiers will show exciting high lights of his six voyages around Cape Horn in full-rigged ships. He will take his audience cruising on a barge to ports of Eastern England. He will sail on Baltic training ships, tour picturesque little ports of lovely Devon, journey down the busy Thames from Oxford to London, where he shows the famous bridges, and familiar landmarks such as Big Ben, Piccadilly Circus, St. Paul's. Villiers films yachts and yachting, life aboard sailing ships of all kinds and sizes.

New Airport Feature—Road Underpasses Runway

An Air France Constellation taxis over the world's first roadway underpass built to permit the simultaneous movement of aircraft and surface vehicles at New York's International Airport. The underpass, considered a major engineering feat, drops to below sea level at the point pictured above. The roadway, retaining walls and overpass comprise a 92,000-ton "concrete boat" built to withstand pressures from below sea level.

Two More Terraces Being Built Here

Frank VanFleet, acting city building inspector, issued permits during February which had a total valuation of \$330,090. This included the construction of two new terraces in the Grassfield subdivision, designed to house 16 families each, at an estimated cost of \$283,600. There are also two new dwellings and one new private garage included in the 19 permits issued.

Others are alterations on four single family residences; alterations and additions to four business establishments and one wrecking permit. The permits issued exceed by one those of the corresponding month in 1948.

Fritz Redl Comes to Barnum PTA May 9

A date which parents of Barnum Junior High students will wish to mark on their engagement books for special consideration is May 9, when psychologist Fritz Redl will address the regular PTA meeting.

President Glenn Emery, working with a large program committee, considers Barnum most fortunate to have secured the promise of Dr. Redl to meet with our parents and suggest means of how to survive with juniors!

ing with a large program committee, considers Barnum most fortunate to have secured the promise of Dr. Redl to meet with our parents and suggest means of how to survive with juniors!
