Lathrup Village News

By LILLIAN DIEDERICH Phone SOUTHFIELD 3653

The GOP rally held Monday night at the Annie Lathrup school by the Southfield Township Women's Republican club was well attended. Several notable speakers took part: Charles M. Zeigler, state highway commissioner; Lee M. Thurston, superintendent of public instruction; Harvey Lodge who spoke for Judge Arthur E. Moore; Vern B. Bails, candidate for U. of M. regent, and Mary Stoltz, vice chairman of the GOP state central committee.

Almost without exception, each speaker stressed the thought that voters had become apathetic regarding the privilege of going to the polls and helping to put in

office those men who can save the government from corruption. "An insidious poison of communism and socialism is slowly befuddling the brains of the youth of today who do not realize that it has gained sufficient momentum," they said. "The courts, the lawyers and control of legislatures can deprive them of all that their forefathers fought to achieve." They emphasized that "Eternal vigilance is still the price of liberty." Program chairman was Mrs. K. E. Geiger. Refreshments chairman was Mrs. Emon Rutledge, assisted by Mrs. Bert Gale and Mrs. William DeLong.

WE HEARD IT SAID BY V. W. Griffith, chief of the Birmingham Fire department: "The rain Monday night and Tuesday has helped the fire situation here a lot, but with 13 grass fires reported in three days, we would like to ask the help of residents. Don't leave a grass fire unattended, and don't start one on a windy day, especially if there are buildings nearby. They can flash up and get out of control pretty fast, and cause a lot of damage."

Brilliant new DeSoto gets tremendous welcome from public!

Come in and see "The Car Designed With YOU in Mind"

IT'S BRAND-NEW . . . so new that there aren't many on the streets yet. But already it's a tremendous success. And it's easy enough to see why. Everybody wants a smart, good-looking modern car. But most of us don't want to pay a penalty for being modern. We want more room . . . more comfort . . . more visibility . . . not less. That's where De Soto scores. It's got those long, low lines. But you don't have to wriggle into it. It has big wide doors. Plenty of headroom, too. The roof won't scrape your hat, no matter where you sit. It's roomier than ever.

It's no use having bigger windows and windshields unless you can see out of them. In the new De Soto you can . . . because you're sitting on chair-high seats. Even a short person can see over the steering wheel. Even a six-footer won't hit his knees on it. You don't have to enlarge your garage to hold the new De Soto. You can still change a tire yourself. And a dent in the fender doesn't mean an expensive body repair job. Come in and see this wonderful car that lets you drive without shifting. Compare it with any other at any price. Then decide. Tune in "Hit the Jackpot" every Tuesday night, all CBS stations
