Remember How We Talked?

It went like this at the Hooper's the other night. Hap's eighteen-year-old daughter is talking about "a real gone guy—solid—out of this world, but def."

"Now what kind of language is that?" Hap barks. "Can't she speak English?"

"I'll translate it for you," Ma Hooper says, "in the language of the twenties, when you were about twenty years old. She simply means this fellow is the 'cat's whiskers.' Remember how we used to talk sometimes? Hap went back to reading his newspaper."
