

Thanks to our depositors
FOR
TEN YEARS OF PROGRESS

From 595th place to 211th place among the nation's banks
in 10 years!

DATE	DEPOSITS	RANK
Dec. 31, 1938	\$ 8,597,728	595th
Dec. 31, 1943	\$55,897,470	230th
Dec. 31, 1948	\$83,400,123	211th

The Wabek State Bank of Detroit first opened its doors to the public on July 1, 1938. At the end of our first half-year, on December 31, 1938, we showed deposits of \$8,597,728.79, which placed us in 595th position among the nation's more than 14,000 banks. A year later, on December 30, 1939, our deposits had grown to \$16,566,478.21 and our standing had soared to 348th—a real record for progress!

Wabek continued its steady growth during the following ten years. By December 31, 1943, we stood in 230th position, with total deposits

of \$55,897,470.48—which gave us the remarkable average of passing one of the nation's larger banks every five days during this five-year period! And now, as of December 31, 1948, we rank 211th nationally, with deposits of \$83,400,123.04—an increase of more than seventy-four million dollars over 1938.

That we are proud of this remarkable progress goes without saying. However, we take even greater pleasure in the knowledge that this continuous growth stems directly from the fact that more and more people are finding at Wabek a banking relationship they like—a relationship both friendly and efficient. We deeply appreciate the confidence our many thousands of depositors have placed in this institution. Directors, officers and employees are all resolved to continue to merit your trust and approval by keeping the Wabek State Bank of Detroit a good place to transact your banking business.
