Roadoiling Funds
The Royal Oak-Beverly Hills Association makes the number one spot this week with two interesting bits of news. First of all, all of the streets in their section, about four miles in all, are being oiled. They have more than 80 homes and nearly \$2,000 was needed for a complete project. The men got busy, and each family contributed \$20 and the trucks started rolling. Secondly, they took it upon themselves to have their zoning restrictions changed to meet today's prices and needs. Petitions were circulated and presented to the Royal Oak City Council with the request to be raised from zone 6 to zone 8. Under zone 6, the necessary cubic foot content is 12,300, in zone 8 it is 19,800.
