Some Theory
"Your wife is a very systematic woman, isn't she?" asked Robinson.
"Yes, very," replied Smith.
"She works on the theory that you can find whatever you want when you don't want it by looking where it wouldn't be if you did want it."

Bertram Strickland, Guest Carillonneur

The fourth in the series of carillon recitals at Christ Church, Cranbrook will be held this Sunday at 4:00 p.m. Bertram Strickland, student carillonneur from the University of Michigan, will be the guest carillonneur.

The Pontiac high school a cappella choir of 70 voices will sing at Christ Church, Cranbrook Vesper Service, May 22 at 4:30 p.m. This musical organization composed of juniors and seniors is one of the most active groups in the Pontiac Senior high school vocal department, which has over 350 singers. Many members of the choir are expecting to go on with music as a career in Church and school work.

Another organization which will participate in the Vesper Service is the Girls' Ensemble composed of 24 girls. This group has made over 40 appearances this season in and around Pontiac.

George H. Putnam, director of Pontiac senior high school vocal department, directs the a cappella choir.

THE JOHN JOHNSON Co.

Here's Comfort with a capital "SEE"

LOOK at it—standing clean-lined and massive before you, its bright-work gleaming, its lines clean and sweeping, its tidy Ventiports marking it unmistakably for what it is, a 1949 Buick.

Size it up—for room plainly expressed in its broad beam, for level-going smoothness in its sizable length. Then—slip in. Settle back. Take in the room for arms and elbows, for hips and legs. Notice the softness of its seats that cleverly give you extra room overhead as well as deep-cradled comfort.

Then notice this: You can really see! See traffic lights easier through its higher windshield, spot approaching side traffic more quickly, past narrower corner posts. See the countryside more fully through deep side windows, see to back up and park through its big one-

piece rear window. Your whole outlook is broadened and driving becomes both safer and more fun because high visibility here goes along with comfort!

So do plenty of other things: Dynaflow Drive, for instance, now optional on SUPER models, standard on ROADMASTERS. Self-setting valve lifters that keep this lively Hi-Poised Fireball engine lastingly quiet. Coil springs all round, and big soft tires, and extra-wide rims for comfort with safety and traction.

And all at price tags that make this beauty the buy of the year!

Why not see for yourself at the nearest Buick dealer's, where you will find your dollars buying so much you'll get your order in fast.

NOTICE to Business Men:

It has come to our attention that, in certain Michigan Bell exchanges, advertising is being sold which is to appear on a "false cover" for telephone directories.

In that connection, we would like to call attention to the following provision of our tariff on file with the Michigan Public Service Commission:

"Directories regularly furnished to customers are the property of the Telephone Company and are loaned to customers; they are to be returned to the Telephone Company on request. No binder, holder or auxiliary cover of an advertising nature, except such as may be provided by or with the consent of the Telephone Company, shall be used in connection with any directory furnished by the Telephone Company."

In order to render good telephone service, it is necessary that we retain full control over our directories, which are an essential part of telephone service. We consider the above tariff to be a statement of a sound and necessary business policy and one which must be enforced.

Legal action has been taken to enjoin two persons who have sold advertising on and distributed such "false covers" for telephone directories.
