

Of all the mammals upon our earth, what can surpass the average dog for absolute and unwavering devotion and loyalty to those who love it? Consider, in my own life, the presence of a dog in my family life as a great contributor toward the development of family harmony and affection.

**Walter Moreland Is Appointed to National Committee**

Walter L. Moreland, President of the Birmingham Federal Savings and Loan Association, has been appointed to the additional services committee of the United States Savings and Loan League, the 55-year old national-wide trade organization of the savings association business. The appointment came from M. K. M. Murphy, Rutherford, New Jersey, President of the League.

The committee on additional services is concerned with finding ways for the savings associations to expand their services to the people of the community. It tests the experiences of institutions in various parts of the country which have pioneered in introducing financing agencies collateral to the simple business of receiving savings and making home loans.

Among its recent activities were studies of safe deposit operations and money order services which have been introduced in many of the associations.

**Lions Auxiliary**

Members of the Lions Club Auxiliary have invited their husbands to their annual picnic scheduled for June 8. The event will be held at the Don Bell farm at 6:30 p.m. Mrs. Emerson Brown and Mrs. William Gardner are assisting general chairman, Mrs. John F. Hollister.

**For Maximum Comfort and Safety**

This photograph, taken in a Detroit hospital, shows a patient being anesthetized by inhalation, one of the methods used to induce pain-relieving sleep for a surgical operation. The modern anesthetist's knowledge of the various sleep producing agents and the techniques by which they are administered assure maximum comfort and safety for the patient.

Up-to-date scientific facilities at St. Joseph Mercy (Pontiac) and many other Detroit hospitals will be expanded through the Greater Detroit Hospital Fund which is now beginning a campaign for \$19,720,000 to enlarge ten hospitals in Greater Detroit and to help construct four new ones in the area, including the new Southern Oakland Hospital.

(Editor's Note: What the construction of a new 200 bed hospital will mean in increased hospital care and better health for the residents of Southern Oakland County is told in a series of articles of which this is the sixth.)  
 Toward this project \$2,500,000 has been allocated by the Greater Detroit Hospital Fund now beginning a campaign for \$19,720,000. The Fund's over-all program embraces ten existing hospitals in Greater Detroit to be enlarged and improved and four new ones to be built and equipped.  
 "I had the same operation years ago and I know just how it will be . . ."  
 Your friend is wrong. If he had

drugs discovered which make the period of anesthesia and recovery both safer and more comfortable for the patient. These agents are always readily available during all operations in a well-equipped hospital.

"They'll keep you flat on your back for ten days."  
 Wrong again. The practice of "early ambulation," which may have originated in Detroit hospitals, has been generally adopted by hospitals everywhere. It has found that patients who get out of bed soon after their operations recover much more rapidly than late risers.

**Back To Work Sooner**  
 For most operations, doctors advise patients to get out of bed and move about very soon. Early risers suffer less from gas pains, nausea and weakness than those who remain in bed and fewer pain-relieving drugs are necessary. They eat and sleep better for this early exercise, and suffer less from weakness. Most patients return to work in less than half of the time previously required.

If you are admitted to a good hospital, your stay will probably be much more comfortable and shorter than your friend predicts, who had his operation long ago.  
 But unless hospital facilities are increased in Southern Oakland County, you may not be able to get into a good hospital or you will have to travel a great distance. For this reason the Greater Detroit Hospital Fund has allocated \$3,500,000 to help construct a new hospital in Southern Oakland County.
