What the Maples Have Done Against Others This Year

By Bob Hardy
As the Maples turn toward their last game of the season, the traditional Turkey Day affair with Royal Oak, they leave an impressive record of five wins, two losses, and one tie.

The Maples fans have seen a display of scoring talent this year in Tom Tracy with 52 points; Chuck Baker and Mac Booth with 24 points; Bob Boynton, George Landino, and Joel Ross with 12 points each and Chuck Tyson and Gordon Shira with six points apiece.

Without the consistent running and passing ability of the backs no team would be able to win football games. Chuck Baker takes top honors in the ground gaining department with a total of 368 net yards gained.

Not far behind are Tom Tracy and Bud Boynton with 291 and 287 net yards, respectively. But major credit must go to the linemen who cracked the holes for these backs.

Birmingham has one of the finest passing attacks any college team has had in years, completing 39 out of 86 attempts, with only four interceptions, for a grand total of 440 net yards gained and a completion percentage of 45.3.

The Maples have outgained their opponents, 1,880 yards to 1,409. They have outscored these 1440 points to 63, with 79 net yards to their opponents' 64 first downs.

Turkey

(Continued from Page One)
home they invited many Indians as they thought they could trust and went to it. The piece de resistance (no extra charge for that word, sir) was turkey. Why?

"Why? Because those New England woods were full of 'em. The settlers practically fell over them every time they went out. They shot a mess of birds and had themselves a feast. Did they wonder if the turkeys wanted to become a 'national symbol' of Thanksgiving? They did not."

"They piled a lot more stuff on the tables, of course. Wild fruits, nut, Indian Maize, preserved and dried foods, and a lot of other stuff the friendly Indians showed them."

"I suppose they had a few clams and that sort of thing, too. They were dumb enough to mix fish along with everything else."

When Tom Turkey finally stopped to rest his voice box and take a deep breath we climbed down a rail or two and dared to ask what that had to do with people being dumb. That did it! He was off again.

"Now look, darn it! You don't have to uphold the race! They're dumb because they still eat turkey, see?"

He didn't. Poor Tom. Mr. Turkey spread the big tail of his and seemed about to paw the ground. We went back up a rail, by phoning her at her home. A ruling change makes it unnecessary to either tie bundles, or separate magazines from newspapers.

The money raised through this drive will be used for pack activities throughout the year.

Adams Paper Drive Will End Saturday. As Cubs Load Trucks

According to Mrs. Robert Sillar, Adams school is slated for great activity Saturday morning when the Cub Scouts gather to load waste paper on trucks. For the past two weeks the boys have all been busy collecting paper, with a goal of 500 pounds.

Trucks will be at the school at 10 a.m. Saturday to be loaded by the boys and some adult helpers. Mrs. Sillar said it was her belief that many families, Saturday would be a most welcome day. The boys have been storing collected paper in family garages.

Residents of any part of the city may have their paper picked up by phoning her at her home. A ruling change makes it unnecessary to either tie bundles, or separate magazines from newspapers.

After the trucks are loaded the boys of Pack B-8 will be served refreshments by the pack committee.

The money raised through this drive will be used for pack activities throughout the year.

Edgewood Dinner Ends Current Season

About 150 members and friends of Edgewood Golf Club enjoyed a buffet dinner as guests of Mr. and Mrs. Charles Ross at the club last Sunday afternoon. Ross, owner of the club for the past three years, held open house throughout the afternoon and used the occasion to announce the official closing of the club for the season.

"The Ross' will spend the winter in Florida and expect to leave for their home there sometime before the holidays. Until snow prevents further development, he will supervise the construction of his new driving range at the club. It will be ready for use by the time the club opens in the spring.

News copy submitted early occasionally is given preference over late items. The "early bird" usually gets the space.

Mr. Turkey went through the whole list again. He had a terse "No" to answer every question he asked himself.

Modern Tradition
Then he went off on a new tack. He listed all the ways we celebrate Thanksgiving today. "Now, that that bird even knew about evolution! In fact, he said he'd probably get on a show because he's so..."
