Customers' Corner

Why will food prices go up if the anti-trust lawyers win their suit to put A & P out of business?
Here is just one of a number of reasons:
We manufacture many of the quality foods we sell in our stores, such as Bolar, Red Circle and Eight O'Clock coffees, Ann Page foods, White House milk, and many others. Because this saves us money we are able to pass along these savings to our customers in the form of lower prices.
The anti-trust lawyers have asked the court to order us to get rid of our manufacturing facilities, which would put an end to all these savings.
Make no mistake about it. If the anti-trust lawyers succeed in putting A & P out of business you will find your food bill is higher.
