'Improved Quality' Keynote of New 1950 Fords

Styling of the 1950 Ford Custom Deluxe Fordor sedan includes features which add to the performance, economy, safety, comfort and appearance of the new cars. With improved quality as the keynote, the 1950 Fords introduce a new treatment of the grille and parking lights, a colorful new crest — the first in Ford history — a new ornamental rear deck handle and lock, new instrument knobs, new and larger horn ring, foam rubber front seats with non-sag seat springs and a complete new line of interior trim fabrics. In addition the powerful Ford V-8 and 6-cylinder engines have been improved to give Ford the quietest and smoothest running engines ever produced by the Ford Motor Company.

Town Board Reports

Important issues to residents of this area were brought up at the Southfield township board meeting Tuesday night, Nov. 8.

The township guarantees the city of Royal Oak against any liability suit and costs from continued use of the water tank in Beverly Hills. This has been deemed unsafe and ordered removed by Nov. 1. The city granted an extension until June, 1950, when it must be torn down. The tank furnishes water pressure for the north east section of the township.

Residents of the 8 Mile and Southfield area presented a petition demanding an enforcement of the zoning ordinance, because a market has been using residential property for commercial use. The complaint was referred to Frank Gidley, building inspector.

In accordance with sections 1101 and 1306, building code ordinance 119: "All residents in the township will be made to comply to eliminate all outside toilets and install proper inside facilities by June 1950."

A used car dealer's license was granted to Patrick Callanan, 8 Mile and Nortwestern, to sell cars there. No junk business and unsightly condition may exist, the commission warned.

School Bids

At a special meeting of the board of education held Nov. 7, in McKinley school, bids for additions to the Annie Lathrup school were accepted. From the Stewart Company, general building contractor, $36,930, the lowest bid of nine submitted; John Green, plumbing, heating, ventilating, $12,948, lowest bid of seven; O. Hansen, $2,616, lowest bid of five.

The additions will consist of a kindergarten room, three class rooms, teachers' rest room, storage room, boys' and girls' lavatories and other auxiliary space.

The superintendent of schools, Glenn E. Schoenhals, stated his approval, "Since the original estimate of the architect was $53,000, bids accepted were well within the amount anticipated," he said.

Bids on East Southfield school were advertised Nov. 12, and will be again Nov. 19. On Dec. 5 they will be accepted at a board meeting.

Adult Education

Adult education program for evening classes is getting off to an enthusiastic start, according to Mrs. C. E. Reincke, co-ordinator of instruction of Southfield schools. It was found necessary to start a second slipcovering class, since the demand was so great, she stated. These will meet Monday and Wednesday evenings at 7:30 p.m. in Southfield and McKinley schools, respectively.

Square dance lessons started Monday in the Annie Lathrup school with James Trevarrow, of Ford school, as caller. At the first session 32 persons were present. Applications are still being taken.

Public speaking has been requested by many. The first lesson will be tonight, in McKinley school at 7:30 p.m. Knitting lessons are about to start and persons desirous of learning the art may apply at the board of education office in McKinley school, where all applications are being taken.
