

## Customers' Corner

**Question:** Does your A & P give you good food at low prices?

**Answer:** Yes. That is why millions of American Families do all their food shopping at A & P.

**Question:** Is A & P a monopoly?

**Answer:** No. We do only a small share of the nation's food business... a smaller share than we did 10 years ago.

**Question:** Does A & P drive competitors out of business?

**Answer:** No. We have more competitors today than we had 10 years ago and many of our good competitors have publicly advertised their willingness and ability to compete with us.

**Why, then, do the anti-trust lawyers want to put your A & P out of business?**

# Tender Corkers from Corn-fed Parkers! PORK LOIN ROASTS

Only tender, young, medium-weight pork makes the grade... the "Super-Right" grade... at A&P. What's more, only approximately 1/3 of the loin's weight is taken out of the center to be sold as chops or center-cut roasts. That means you get plenty of desirable center meat when you buy a half loin or a rib-end or loin-end roast at A&P. And that means more good eating for your money.
