THE LINCOLN COSMOPOLITAN SPORT SEDAN  
With 360-watt fire, road lamps, and HYDRA-MATIC transmission optional of extra cost.

"Why," we are frequently asked, "do so many people prominent in public life drive Cosmopolitans?"

"There are many reasons," we usually answer. "Prominent people drive Lincoln Cosmopolitans not merely for the extra comforts they offer—the luxurious 'Salon Styling' of the new interior... and the wonderful smoothness of Lincoln power combined with HYDRA-MATIC—but for the superbly distinctive styling of the Lincoln Cosmopolitan itself."

Incidentally, we always like to point out that you need not be a statesman or a diplomat or even a financier to enjoy this distinction, too. For prices are much lower than you may think! When may we place this fine car at your call?
