If you desire 10 or more copies of The Eccentric which carries that wedding or engagement story, let us know no later than Tuesday noon of the week it is to be published. Then we can increase our press run by that many and insure your getting the copies. Unless you let us know in advance, we cannot promise that you can just walk up to the newsstand or the front office and get the amount you want. It is an established fact that by the end of the week, current copies of The Eccentric on public sale often are extremely difficult to find. So play safe—if you know you want extra copies, order them in advance.
