These dances take over the entire 5th floor of the downtown YWCA at Woodward and Montcalm. A large dance floor, friendly young people, and a good orchestra have made the dances popular since YAU was organized three years ago.
For the Oct. 1st dance Reg Thornton's orchestra is scheduled, and on October 30th Al Ross will furnish music. All young persons 18 to 35 are invited.

The Line Is Busy

BY DORIS E. KUS

Take the case of the smart, snarling and disparaging "woman driver!" Seems as if when a man can't think of anything else to crab about he reverts to the subject of us women and our conduct behind the wheel of a car. Sometimes the accusations get me awfully riled up.

American womanhood has been fortunately emancipated and in the process of it all, the begrudging male has assumed the discouraging attitude that "so okay, the lady wants equal rights, she gets equal rights and she can take care of herself from now on." Which is precisely what we are doing. Taking care of ourselves, on highways and byways, so to speak.

Undoubtedly, that we can hold our own on this equality business (even to standing on buses and further irritate our fellow men. They probably expect us to wail up and cry "awful" after the first few and rugged steps. So what that we've proved to the contrary, gals, they're out to get us on this driving business.

For instance, you've got your hand out, flapping it emphatically to signal a turn and some lunkhead rear around, whispers past and cuts slyly in front of you. Did you see him turn around and glare and mutter little things to himself? It adds up in his book, it's your recklessness because you're a woman driver. Or perhaps you spotted a parking space and grumpy bumps along and tries to sneak in ahead of you.

Dr. Robert Drews To Address AAUW

Drews who will use as his subject "What is a Normal Person?" This luncheon meeting has been scheduled for Wednesday, Oct. 12 at 12:45 in the Community House.

Miss Jeanne Loyd, program chairman, has planned each meeting for this year so that some phase of AAUW work, such as fellowship, social studies, etc., will be covered.

The group is led by Mrs. Milton E. Mailender as president and others on the executive board include Mrs. Clarence Eileenman, first vice-president; Mrs. Donald Howarth, second vice-president; Mrs. Kenneth Smartwood, treasurer; Mrs. William Kegel, recording secretary; Mrs. H. G. Hanke, secretary; Mrs. Irving H. MacKenzie and Miss Muriel Brusie, directors at large.

The local AAUW organization co-sponsors a French scheme and each year contributes one-third towards its support. The membership is asked to bring gifts to the Oct. 12 meeting which could be useful and help bring joy to these children. The article could be anything, such as a tooth brush, comb, toy or clothing and need not necessarily be new.

Photographs for publication in The Eccentric must be submitted by Friday noon of the week before publication.

Whatever the Price Class—

SEE and HEAR OLSEN and JOHNSON'S FIREBALL FUN-FOR-ALL every Thursday on Television

"Buick's the Buy"

It's part of every street scene—something you see every day.
Car owners in three different price classes—all happy about the same thing.
One of them drives a new Buick SPECIAL, which you see poking forth its new, bold-look forefront at the left of our picture.
Another will tell you there's nothing like the SUPER's "happy medium" of size and comfort, power and easy handling, style and standing.
And if you're looking for prestige, where is your money going to buy so much as in that handsome IS-footer, the ROADMASTER, with its 150-hp performance and really royal bearing?

But all these good folks get together on this:
There's no ride quite so soft and cushiony as the Buick ride, whatever the size and series. There's no power quite so satisfyingly lively as Buick's high-compression, high-pressure Fireball power.
Above all, there's no "buy" like a Buick—no car that gives you such a

rich dollar's worth of smartness, handling, comfort and liveliness for every dollar you pay.
So why not look the whole line over? Your Buick dealer has these grand travel-mates in a baker's dozen of different body types and sizes. Start your shopping in his showroom—and you'll find that even on delivery he has exactly what you want.

BUICK alone has all these features

- 518-cu-in. DYNAFLOW DRIVE • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADRUPEX COIL SPRINGING • Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS (Dynaflow Models) plus HI-POISED ENGINE MOUNTINGS • Low-pressure lines on SAFETY-RIDE RIMS • Double-Duty VENTIPORTS • DUREX BEARINGS, main and connecting rods • BODY BY FIRE
