Farmington—Edward Cardinal Mooney, will lay the corner stone of the completed new nursery school and personnel buildings of St. Vincent and Sarah Fisher Home for children at an open house Sunday at 2:45 p.m., followed by tea. The combined buildings are located on Twelve Mile and Inkster roads, the new section facing on Inkster road.

The \$498,000 new project was built by St. Vincent Orphanage since they merged with the Sarah Fisher Home. The architecture is of English design constructed of English brick to harmonize with the original buildings. The interior, of 45 rooms, is of concrete blocks and consists of sleeping accommodations, social hall, dining and kitchen quarters in addition to the nursery school of approximately the same set up.

The combined buildings will house 174 boys and girls from one through 14 years of age and the personnel. Hitherto the Sarah Fisher Home accommodated only small children. It will be ready for occupancy Oct. 1. Ladies of Charity will undertake the cost of landscaping and the St. Guild the nursery school furnishings.

Where Sixty Minutes Seem but Half an Hour!

DISTANCE isn't the only thing which passes swiftly when you sit at the wheel of a 1949 Cadillac. So does time!

You rest your hand on the beautiful steering wheel and press your toe—ever so lightly—against the obedient throttle... and you're off on a wonderful journey.

Your ride is free and easy and restful. You just sit—and relax—and enjoy the scenery—and the companionship of those about you. Con-

versation is as easy as if you were sitting in your own drawing room—for the car is so quiet you can hear the soft ticking of the electric clock.

The labor of driving is almost nonexistent. The big powerful motor moves you in and out of traffic as if by automatic propulsion. Steering is little more than a response to your wish. Brakes are light to the touch and velvety-smooth in action.

You are as relaxed and care-free as the happy passengers around you.

For you do little more than the thinking—and the car does the rest. And then a familiar landmark looms in the distance. Can it be that you are there?

You look at the clock and you look at the speedometer—and, surely enough, the time and the distance have passed, and your journey is over. Better come in and see for yourself that—when you sit at the wheel of a Cadillac—sixty minutes seem but half an hour!
