

GIRL SCOUTS

The Birmingham Girl Scout Council has received its 1949-50 charter from the Girl Scout National Headquarters in New York City. The charter authorizes the Birmingham Council to function as an official unit of Girl Scouts of the United States of America for the next 12 months.

This is the first charter granted to the local Council under a new plan whereby charters are issued in recognition of yearly achievement. According to Mrs. Cassius Miller president of the Scout Council, volume of membership, the number of volunteer leaders and the number of troops as well as the quality of the program for the girls comprise the basis on which charters are granted.

REPLACE THAT OLD DIRTY BAG WITH AN "EVER-CLEAN" Filter

and you will NEVER have to come in contact with a speck of that awful vacuum dirt again!

"EVER-CLEAN" is a cloth zipper bag made with an inner filter-paper throw-away bag inside for the dirt. Once in 2 to 3 months, you merely open the zipper, move the paper bag that contains the dirt and drop it in the waste basket, and replace it with a fresh paper bag. It takes only seconds. "EVER-CLEAN" fits all makes of upright cleaners, Hoover, GE, Eureka, Royal, Apex or any other upright type.

THOUSANDS OF HOMES, Leading Hotels and Hospitals are now using "EVER-CLEANS." A nationally known testing Lab has proven that—

- a—"EVER-CLEAN" will give any upright cleaner, new or old, up to 40% more suction. This additional suction removes more of the deep-down dirt. Your rugs will always be cleaner.
- b—Dirt accumulates in a special pocket of the inner paper bag and cannot clog the opening, reduce suction and wear out your motor.
- c—The outer zipper bag remains dirt free... absolutely clean. Your vacuum will clean quicker and better THAN IT EVER DID BEFORE. You'll save much in time, repair and service bills. You'll find "EVER-CLEAN" a boon to efficient rug cleaning and to personal and home cleanliness.

New lower Packard prices begin at

If you had a million dollars, you'd prefer this distinctive Packard to all the others for its luxury comfort.

But million-dollar buyers are rare, these days. And meanwhile—Packard sales are running at new record levels!

So what's the answer? Three answers (and they all deal with economy):

Sensibly low first cost: This precision-built, 135-HP Packard Eight, actually costs less than some of today's sixties!

Amazingly low operating cost: Packard "free-breathing" engine design is writing the year's big gas economy news!

Lastingly low upkeep cost: Today's Packard is the most durable in 50 years!
