**For the Enrichment of Life**

**R**IGHT AT THIS MOMENT, there are thousands of people in America who are debating whether to end all compromise with motor cars—by taking the step up to Cadillac.

To all these people we should like to say: "Longfellow was right when he peined the words—Time is fleeting."

If you want a Cadillac, and feel that you are entitled to one, you ought to make

arrangements at once to have one delivered into your possession.

Each day you forego it, you will lose a goodly measure of happiness and satisfaction—for a Cadillac is a joy to possess, and a joy to utilize. Many say that it adds to the zest of their whole day's activities.

Certain it is that a Cadillac brings with it the utmost in performance, in comfort, and

in safety—and that it contributes immeasurably to its owner's peace of mind. Few, indeed, can be happy without a Cadillac—once they have learned how greatly it enriches their lives.

If you are among the many who have the impulse to own a Cadillac, come in and see us soon. Each day you delay means a loss in satisfaction which no other material possession can hope to supply.
