

2 Assessment Rolls Up for Final Action On September 18

Confirmation of assessment rolls for the sidewalk on the east side of Eton, between Yorkshire and Derby, and the paving of Lincoln from Adams to Terry will be considered at public hearings Sept. 18.

Final hearing on the assessments for having Bates from Lincoln to halfway between Southlawn and Northlawn is being considered for action shortly by the city commission.

Necessity of the improvement was passed months ago but confirmation held up pending further residential construction in this area.

Revised cost estimates on the Bates project will be ready by the end of next week. City Engineer L. E. Gare romies.
