

Finish High School Before Enlisting Is Recruiter's Advice

"Oakland county students are urged to complete their high school courses before enlisting in the U. S. Army or Air Force."

Pontiac Recruiting Sgt. Robert W. Wiles, said today.

Many high school students, anxious to join the service, are leaving classes to enlist. We prefer they finish school first. They will be more valuable to themselves and to us if they complete their education."

Wiles said high school students 18 years old and younger need not fear the draft until they pass their 16th birthday. The law protects the younger men, he said.

"We know lots of young men 18 and younger would like to get in the Army or Air Force rather than wait to be drafted but they can serve their country better by finishing school first," he concluded.

For more detailed information concerning enlistment, young men may contact the U.S. Army or Air Force Recruiting station at 53 1/2 W. Huron Street, Pontiac.

Dun Scotus Student Is Reported Killed Serving in Korea

SOUTHFIELD TWP.—The Rev. Herman Felhoelter, OFM, reported killed in action in Korea, studied for missionary work at Dun Scotus college here from 1931 to 1935. He spent a month here in 1948, waiting for the orders which sent him to Japan.

According to reports, the chaplain was killed when he refused to withdraw with the army, remaining to administer spiritual aid to about 30 wounded men.

Although these reports come from Robert C. Miller, Associated Press correspondent; Margaret Higgins, New York Herald Tribune writer, and two army officers, the army has issued no confirmation of the Rev. Felhoelter's death.

A native of Louisville, Ky., he enlisted in the army in 1931 and served in the European theatre of war as a chaplain of World War II.

Special Southfield Township Meeting Planned Aug. 11

A special township meeting to discuss prospects of securing additional fire protection facilities for Southfield township will be held Monday evening, Aug. 14 at 8 p.m. in the Lathrup school according to Supervisor D. P. Fram.

At last Tuesday's township board meeting, a petition signed by 78 residents was submitted to the board requesting a meeting be called for this purpose. According to law, a meeting must be called if a petition requesting the action is signed by at least 12 persons.

INCLUDED ON the agenda for next Tuesday's township board meeting is a discussion concerning the proposed planning commission and further hearings on special assessment districts for street improvements on specified streets in Magnolia subdivision, Gofhurst subdivision and Berkshire Valley and Berkshire Groves.

The proposal for a township planning commission was suggested by Fram at the July 11 meeting and tabled until next week. The plan met with favorable response by several board members at that time.

Contest Winners of 20 Years Ago Recall Thrills of the "Big Day"

By ALICE E. MORGAN

Through our daily papers, magazines and radio programs we are all familiar with prize winners. Nearly every day we read or hear of someone who has "hit the jackpot." After that, however, they seem to vanish into thin air.

Just 20 years ago 774 Birmingham Eccentric conducted a subscription contest and in the issue of July 24, 1930, ran a picture of two local ladies and the automobiles they had won.

Mrs. Charles Jones, 945 Pierce street, won a Studebaker sedan as first prize and Mrs. Fern Thatcher an Essex as second prize.

Both are still living in Birmingham, both recall clearly the details of the contest and the thrill of winning.

MRS. JONES SAID her subscriptions totaled 800 years. She worked from her home during the day, making personal and phone calls to friends and neighbors.

Evenings, after her husband had returned from work, they went farther afield, soliciting their subscriptions from surrounding communities.

The Studebaker, according to Jones, "was really something. It was dark green and had two sparties in fender-wells, just back of the front wheels. It was a very fancy automobile—for 20 years ago."

Mrs. Jones said their children were really thrilled when the an-

"THAT WAS 20 YEARS ago," she said, "a long time to remember just how I felt. I know I worked pretty hard at it and I know that getting the car gave me a big thrill and a wonderful feeling."

Both cars have, of course, gone the way all good cars over a 20-year period. The interesting thing is to prove that contest winners do exist and can be heard from 20 years after their big day.
