## No White Elephants

What a blessing . . . because money is being spent wisely. Why? Because the bride-to-be can come in and choose what she would like, and a record is made so that when you come in to select a gift for that bride a list is ready for your choice at a price range that is sure to be within what you wish to spend.

This is not a commercial setup, because it eliminates a lot of useless spending and the bride you send a gift to, receives something that she knows she can use. This is the result of many years of trying to find the right way to save money and please the people.

Gifts can be had for as little as two-fifty and up to what ever you wish to send.

Many gifts in silver, range from five dollars and up, plus excise tax.
