**"... make the BIBLE the chart of life..."**

This is part of a sentence from Page 24 line 8 of Science and Health with Key to the Scriptures, by Mary Baker Eddy. The full sentence is interesting and will lead to an enlightened understanding of Christian Science. It may be read at the local CHRISTIAN SCIENCE READING ROOM 355 East Maple in quiet homelike surroundings. Open daily except Sundays and Holidays from 10AM to 6PM and evenings, except Wed. & Sat. 7 to 9.

All are invited to use the reading room to read, borrow or purchase THE BIBLE and all AUTHORIZED WRITINGS ON CHRISTIAN SCIENCE.

**Washington Underestimated The Danger...**  
"Let it go as it came"—said George Washington of a cold he had contracted . . . and rode forth into a blizzard. Three days later, the Father of his country died of complications caused by that cold he "shrugged off" but did not "shake off." Never minimize the importance—never underestimate the danger—of a "little cold" however slight the infection may seem to you. Treat it promptly—take every precaution. And if the cold "hangs on" or is accompanied by chills and fever, call your doctor without delay. Promptness may help ward off such serious illnesses as pneumonia and influenza.
