### Things Happen Fast for Daga Elear Now With Boston Theatre

Daga Elear, well known in Birmingham's dramatic circles, made one of the most rapid transitions from "civilian to actor" after his recent arrival in Boston. In only two days he was cast as King Priam in the Brattle theatre's current production of "Troilus and Cressida."

Elear was rehearsing for "King Lear" when a member of the other cast became ill. He was given two hours to get his lunch, learn his lines, get into make-up and con-

tinuous hospital recently. Mrs. Edson Stevens and Mrs. Harry Maves, leaders, have been helping the girls with this project and delivered the favors in time for Valentine celebrations in the children's wards.

Junior Big held his semi-monthly meeting Friday night at the school, with Norma Sinclair as hostess. Mr. and Mrs. William Sloan and Mrs. Edson Stevens were guests. Mr. and Mrs. Edson Stevens were guests.

inch main along Lahser road from Eight Mile road to the site. The cost is estimated at \$47,000. Eleven fire hydrants would be needed along the line at an annual cost of \$550, the water to cost the township school district about \$330 per month. The township would sell water service to the school district and home owners.

As more residents connect up with the water system the cost would be reduced. A 30 year revenue bond issue would be sold by the township which would be speeded up as additional water users were secured, probably retiring in 20 years.

### Baldwin Y-Teeners Planning Fund Drives

The Y-Teen club of Baldwin high school met at the home of Carol McClelland recently to discuss plans for two money-making projects.

The group voted to hold a bake sale Feb. 25 in the Kay Baum shop and to sell greeting cards and gift wrappings. The latter project will be handled by two teams, with the winners to be guests of the losing team after the drive has ended. Anne MacDonald was elected representative to the inter-club council, with Sandra Puls as alternate.
