Bonds Nos. 1066 to 3,100, inclusive, maturing first in the years 1965 to 1967, both inclusive, will be subject to redemption prior to maturity, at the option of the school district, in the inverse numerical order, on any one or more interest payment dates on and after May 1, 1954, at the par and accrued interest thereon plus a premium of $15.00 on each bond called for redemption on or after May 1, 1954 but prior to May 1, 1956, plus accrued interest to the date fixed for redemption, at least once in a newspaper or publication circulated in the City of Detroit, Michigan, which carries as a part of its regular service, notices of the sale of municipal bonds. The remaining bonds will not be subject to redemption prior to maturity. Said bonds and the interest will be payable at the National Bank of Detroit, in the City of Detroit, Michigan.

The bonds are to be issued for the purpose of erecting and furnishing a new high school building, a new Torry elementary school building, an addition to the Walnut Lake elementary school building and an addition to the Franklin elementary school building and will be the general obligations of the school district and will be payable from taxes levied by law to levy upon all the taxable property therein and such ordinary taxes as may be necessary to pay said bonds and the interest thereon, subject to such limitations upon the said taxing power as may result from the provisions of Section 21, Article IX of the Michigan Constitution and the Michigan Property Tax Administration Act. For the purpose of awarding the bonds, a tentative rate of interest for each will be computed by determining at the rate or rates specified therein, the total dollar amount of interest which the bonds, from February 1, 1950 to their maturity in the years specified therein, will earn. The bonds will be awarded to the bidder and checks will be returned to each bidder whose proposal produces the lowest interest cost to the school district. No proposal for the purchase of less than all of the bonds or at a price less than their par value, will be considered.

A certified or cashier's check in the amount of $62,000 drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the school district, must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks will be returned to each bidder whose proposal is not accepted.

Bids shall be conditioned upon the unqualified opinion of Claude H. Sterens, of Berry, Stevens, Barbier & Evely, attorneys, Detroit, Michigan, approving the legality of the bonds. The cost of said legal opinion and of the printing of the bonds will be paid by the school district. Bonds will be delivered at Detroit, Michigan.

The right is reserved to reject any or all bids.

Each proposal containing the bids should be plainly marked "Proposal for Bonds."

From A to Z

The Eccentric printing department is one of the very few plants in the entire Detroit area where you can obtain COMPLETE facilities for producing your job of printing.

Most plants do not have machine composition service—instead, they buy from trade composition plants.

And, too, most plants do not have their own bindery facilities. They send out their work to trade bindery plants.

But at The Eccentric your job is completely handled under one roof. Quite obviously our service is faster and better coordinated; our prices do not have to include a handling charge for outside purchasing.

So, for faster service and money saving prices think of The Eccentric where you get a printing service from "A to Z".
