## Dearborn Motors To Honor 32 Men

Dearborn Motors will honor 32 field men from its distributor organization with a seven-day vacation trip to Detroit and Quebec, according to G. D. Andrews, vice-president in charge of sales.

The group—each a district supervisor in charge of a number of Ford tractor dealers—will arrive in Detroit next Tuesday.

Following visits to the Ford Rouge Plant, Greenfield Village and the new Dearborn Motors research center near Birmingham, they will be feted at a dinner at the Hotel Fort Shelby.

Wednesday, they will board special Canadian Pacific cars for Quebec where they will spend five days at the Chateau Frontenac.

**HIGHLIGHT OF THE Tuesday evening dinner will be the presentation by Thomas A. Farrell, president, to each of the group a diamond ring, in recognition of their membership in the Dearborn**

district supervisor's honor council. Membership in the honor council is open each year to one district supervisor from each Dearborn distributorship, who in competition with other district supervisors, achieves outstanding success in personal leadership and development of his dealers.

Pre-requisite to nomination for the council is a year's membership in the district supervisors' investment club.

## Children to Present "I Remember Mama"

The dramatic club of the Birmingham Recreation department will present "I Remember Mama" at its regular Friday afternoon

performance at the Baldwin public library at 2 o'clock.

Betsy McQueen will play "Mama," supported by Barbara Ritter, Mary Ellen Groves, Beverly Hill, Peter Loomis and Beaul Leslie. Carroll Middleton will be the announcer.

Friends and parents of the children are invited to attend.

## Deadline for society club news is noon each Monday.

## In this case FEELING IS BELIEVING

No, the eye does not tell everything—not in this instance.

True, it tells you ROADMASTER is smart. It tells you it's big. It shows, if you watch closely, that this brawny beauty rides level and unperturbed even when road-roughness has its wheels fairly dancing.

A glance may even indicate how much lolling comfort there is here—what wide-open freedom passengers and driver know in this gay traveler.

But how can the eye tell you how you feel touching off the great power that's under this broad bonnet?

How can it reveal the silken, swift-mounting surge of oil-cushioned take-off—smooth, silky, unbroken, as Dynaflow Drive works its magic?

Even when you watch a ROADMASTER settle down to a long steep pull and crest the top going away, how can it tell you what thrill your spirits get from such ability?

And what can it say of the lift that's yours traveling in a beauty that catches all eyes, swivels passing heads, marks you by its very lines as traveling in as fine a car as any man can ask for?

No, these things you have to feel for yourself, and we're delighted to help you do so.

Only BUICK has Dynaflow Drive\* and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STEERING, with MULTI-GUARD fore-and-aft, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and maneuvering, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-steel springing, spring-toe rims, low-pressure tires, ride-absorbing torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

\*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.
