These Busy Luhrs

Mr. and Mrs. Henry Hartwell of Springfield, Mass., were guests of Mrs. Herman F. Luhrs of Meadowbrook way, over the weekend. They were on route home following a trip to Florida and the 30th year of the Luhrs.

Luhrs is in Europe visiting the capital cities, as a special representative in the March 1st boys program, to deliver 3,000,000 toys from the children of America to the children of Europe.

This week Mrs. Luhrs is visiting friends in Middleville, Ludington and Lansing. She will fly to New York City and spend a few days there with her husband when he returns from Europe. Relatives are occupying their home during their absence.

Mid-Term Vacations

Betty Marsh, daughter of Mr. and Mrs. George Marsh of Saratoga boulevard will be junior at Michigan State college next term. During midsemester vacation next week she will be in Lansing, Michigan. Her father, Mr. Marsh, is a member of the Michigan State Bar. Betty was recently made a member of Alpha Chi Omega sorority. Robert E. Marsh will finish General Motors technical school next week.

Youth Program

The Lathrup Township Civic association will continue its youth activity program. President William Mikulas stated last week. Last summer in co-operation with the board of education, they sponsored two softball teams which helped with the summer recreation department program.

Roads and Traffic

Road conditions in this area are not getting better. Since organizations have been unable to get anywhere with the road commission in Pontiac, petitions are being circulated to "go in" to Michigan State college next term. During midsemester vacation next week she will be in Lansing, Michigan. Her father, Mr. Marsh, is a member of the Michigan State Bar. Betty was recently made a member of Alpha Chi Omega sorority. Robert E. Marsh will finish General Motors technical school next week.

There seems to be a problem in this area concerning the traffic hazard in front of the Annie Lathrup school, where several accidents have happened. Contacts with State Police and the road commission have resulted in no solution. The Civic association has again written Pontiac for help in that direction.

Mikulas said, "The problem is threefold. First and foremost, the children should have protection from crossing and in backing their cars out into the approaching traffic; thirdly, activities held in the evening in the school auditorium also create the problem of backing out into fast approaching traffic. There must be a solution worked out by the police department and road commissioners to safeguard all concerned," he said.

Plan Bible Exhibit as Lenten Feature at Baldwin Library

Mrs. Hugh McLeese, 4975 Brookdale boulevard, chairman of the exhibit committee for Baldwin public library, asks the support of local persons for a special Lenten display of Bibles.

She asks that anyone having a Bible which is unusual, either from the standpoint of historical interest, printing, material, format or art work, to contact her to discuss the possibility of its use in the exhibit.

One, which has been assured for display, is a Bible presented to a British Army chaplain by Lord Oliver Cromwell in the middle of the 17th century. Mrs. McLeese said the use of this and other Bibles would be deeply appreciated by the committee members.

A Big Success

The country auction held last weekend was certainly not without its humorous happenings. Families were separated from each other in the crowds and we had husbands bidding against wives and mothers against sons for the same articles. One Woodcreek, who made a donation, found his wife had bought it back, and Charlie Brown ended up with a barber chair dated 1860. The hope Ford Foundation is looking for one of that vintage. The committee wishes to thank

the workers and the community for their support. A continuance of such co-operation will complete the church alterations in a short time.
