a personal matter

Now, and ours alone, are the delightfully different Perfumes and Colognes which have been added to the Village Store's collection of nice things for Easter. The floral scents, so refreshing for Spring and Summer, give to the wearer a new note of individuality—definitely a pick-up after the heavier perfumes used in winter.

And the Cologne, truly the old world French Cologne, is as indispensable in hot weather as a tall cold drink. Bathe in it, use it in the rinse water for your lingerie and on your bed pillows.

To these we add rose petals, violet petals, and lavender blossoms sold in bulk. Wonderful lingering fragrances to tuck into your lingerie, to hang in little sachets, in your linen closet, and on dress hangers. So nice to keep on hand for your gift packages.

The price of all these is as correct as the choice of fragrances.

artistry in leather

A handbag describes a woman's personality more than any part of her costume. Make your choice thoughtfully from our new Spring line of distinctively styled calf bags. Colors to contrast or match your ensemble.

Nice leather accessories are necessary "go-withs" for your new Spring handbag. Comb cases, compacts, cigarette cases, spectacle cases, billfolds, and French purses are among the attractive items we offer you—in exceptionally fine calf and cobra. Colors and prices are appealing.
