Ireland Announces School Participation in Clothing Drive

Dr. Dwight B. Ireland, superintendent of Birmingham public schools, said the local schools will again take part in the national drive for clothing for needy children. This is a part of the program which the Save the Children Federation conducts.

School officials met recently in Atlantic City and issued a call for two million pounds of used clothing this year. The drive will be handled by the public schools throughout the United States.

It was reported that last year the pupils in 813 school systems collected 1,300,000 pounds of clothing. This is distributed to children in Europe as well as the less fortunate children in rural schools and on the Navajo Indian reservation in this country.
