Christian Science Lecture Given by New Yorker

A lecture on Christian Science, entitled "Christian Science: The Principle and Practice of Divine Metaphysics," was delivered here Monday evening at Baldwin High school under the auspices of First Church of Christ, Scientist, Birmingham.

The lecturer was Robert Stanley Ross, C.S.B., of New York City, a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

Ross spoke substantially as follows:

"Truly it has been said that when Mary Baker Eddy gave the name of Christian Science to her system a divine metaphysics, she challenged the religious and scientific thinking of the entire world. Christianity in one form or another had long been the dominant religious belief of Western civilization."

FORD'S WINNING FRIENDS FASTER THAN ANY OTHER CAR IN AMERICA!

"It's really put together! And mighty easy on gas, too!"

"Drives like the big jobs—It's the easiest handling car we park all day!"

"Say, it sure is a honey! Wish it was mine!"

ITS THE ONE car in its field—from every angle. Fine car power, with its "bushed" V-8—the kind of engine used in America's costliest cars. Or choose its companion in quality, the 95-h.p. Six. There's fine car comfort, with a spand-conditioned "Lifeguard" Body and Sofa-Wide seats. And for fine car roadability—the perfectly balanced frame, spring, and steering control keep you right on course, even in a cross wind.

Economical to buy, and to own, too—with low first cost, low upkeep costs, high resale value.

Before you buy any car, "TEST DRIVE" the '50 Ford, and you'll see for yourself why Ford's winning friends faster than any other car in America.

BUT TO ANNOUNCE that Christianity as revealed to her was a healing Science meant that Christianity was available not as a universal religion but as a universal medicine as well.

"Metaphysics" which means above or beyond physics or the physical sense of things—had for centuries been a subject of abstract, academic discussion; but that a metaphysics transcending not only matter but the human mind itself should be reduced to practical utility in the solving of everyday problems was something entirely new.

"Accordingly, if Mrs. Eddy's contribution to human health and happiness were to be summed up briefly, it might be expressed as follows: she succeeded in fully defining metaphysics and applying its theory in healing practice, thereby advancing metaphysics to the dignity and verity of demonstrable Science.

IN THIS accomplishment, Mrs. Eddy was the acknowledged pioneer.

Considered solely as the revival of primitive Christianity, however, the discovery of Christian Science would have been the most persons the rebirth of physical healing as practiced by Jesus; for Christianity in its original articulation was evidently not regarded as a science.

"In it the Saviour was looked upon as a divinely favored person instead of the expression of a healing and saving Principle which could be utilized by anyone through spiritual understanding in every age and clime.

"Mary Baker Eddy was well aware of all this. She recognized that she was taking a new and forward step in discovering to human consciousness the basic truth about God and man, and she took that step alone and unafraid.

WRITING SUBSEQUENTLY in the "Christian Science" textbook, "Science and Health with Key to the Scriptures," Mrs. Eddy said (p. 109), "I knew the Principle of all harmonious human existence in a God, and that cure were produced in primitive Christian healing by holy, willing faith; but I must know the science of this healing, and I won my way to absolute truth through the divine revelation, reason, and demonstration."

By accepting divine Mind and its universe of divine ideas as the starting point, working basis, or key, Mrs. Eddy proved herself to be the most scientific woman that ever walked the earth.

WCTU Will Meet

Members of the WCTU will meet in the Methodist Church Church House on Friday, May 19 at 1:30.

THE TABLE IN THE WILDERNESS

In the modern world, beset with tangled and conflicting aims, Christian Science is for countless thousands proving to be the "table in the wilderness." For through the thoughtful, devoted study of its textbook

SCIENCE AND HEALTH WITH KEY TO THE SCRIPTURES

By Mary Baker Eddy

true peace and security have been achieved.

The CHRISTIAN SCIENCE READING ROOM, 355 East Maple is maintained for the free use of the people of this community. Here the BIBLE and the Authorized Christian Science literature may be read, borrowed or purchased. There is a convenient hour for service from 10 A.M. to 6 P.M. except Sundays and Holidays and in the evening 7 to 9 P.M. except Wed. & Sat.

Will Visit Here

BISHOP HUBBARD

The Right Rev. Russell Sturgis Hubbard, D.D., Bishop of the Diocese of Michigan, will visit Christ Church Cranbrook to administer the rite of Confirmation at the eleven o'clock service this Sunday. He will also give the sermon.

Bishop Hubbard was born in Germantown, Philadelphia, Pa., and was educated in Chestnut Hill Academy, Philadelphia; St. George's School, Newport, R. I., and Harvard University.

After his graduation from Harvard, a scholarship made possible for him a year at Trinity College, Cambridge, England. This was followed by two years in the Virginia Theological Seminary at Alexandria, Va., where he received the degree of Bachelor of Divinity.

In 1849, Bishop Hubbard received the degree of Doctor of Divinity from the Virginia Theological Seminary.

BEFORE HIS election as Suffragan Bishop of the Diocese of Michigan in 1948, Bishop Hubbard had had a varied nautical experience, serving first as a cadet in a large party in a down-town area of New England City, he then went to serve for three one-half years in a small Episcopal mission chapel on the edge of the campus of the University of South Dakota.

When there he was called to serve as rector of St. Martin's Church in Providence, R. I., where he served ten years. During his nine years incumbency he also served as member of the board of examining chaplains for Rhode Island and Maine, and as trustee of a boy's school.

Immediately before his election, he had served seven years as Rector of St. Saviour's Church in Bar Harbor, Maine, where he was canon missioner of the Diocese, having direct supervision of the work of the church in five isolated communities during the War years.

There will be a reception for Bishop and Mrs. Hubbard in the dining room of the parish house immediately following the morning service. All members of the confirmation class and friends are cordially invited to attend this reception.
