

Wins Sculptor Award

William M. McVey, sculptor in residence at the Cranbrook Academy of Art, was awarded first prize in the 15th national ceramic exhibit sponsored by the Syracuse, N. Y., Museum of Fine Arts. His work was a three-foot terra cotta of St. Francis.

McVey, who studied in Paris, has exhibited widely in numerous national shows and took top honors at the Los Angeles county fair national in 1941.

His most recent work was done in collaboration with Eero and the late Eliel Saarinen on the Christ Evangelical Lutheran church in Minneapolis, Minn.

Birmingham Bows To Port Huron

BY BILL AIKENS

Counting back strong after being held to a 14-1 tie in the first half, Port Huron outgamed and outscored a sluggish Birmingham team, 22-13, at Port Huron Friday evening in the final league clash of the season for both schools.

As a result of the loss, Birmingham fell to fourth place in the Eastern Michigan league, preceded by the final standings by Mr. Clemens, league champions for the second consecutive year: East Detroit, and Port Huron.

Friday's game will find the Maples playing Waterford here.

Cranbrook School Plans Homecoming

When the "old grads" return to Cranbrook next Saturday, they will witness the most elaborate homecoming in Cranbrook's 24 year history.

The special committee is composed of Mr. and Mrs. Robert Kenney, Mrs. Bruce Coulter and Robert Louis Stevenson for the faculty, Carleton McLain, alumni secretary and student representatives Bill James and Fritz Friday.

Festivities begin Friday night when a pep rally precedes Saturday's football and soccer games against University School of Cleveland. Cranbrook's new marching band, led by Gordon Rosenthal, will be featured.

Southfield's Action On Water Authority Still Uncertain

Whether Southfield township will enter the proposed Southern Oakland county water authority will be decided after the various municipalities and units, come to a definite agreement, according to Supervisor D. P. Frame.

After the communities agree, the proposal will be put on the spring ballot to see whether township residents want to participate, Frame pointed out.

MEMBERS OF THE water authority are seeking to find a solution to the serious shortage of water in the southern section of the county.

Last week Frame told members of the Townsite association of the water authority plans.

Junior Achievement Explained to Club

An address stressing capitalism was made before the Birmingham Rotary club Monday by John Heien of the Chrysler corporation.

He told of the junior achievement program for high school juniors and seniors.

Heien said groups of 10 to 15 students organize a business which they operate themselves and which is owned only by three members of large corporations. The entire business process is managed by the students, with their corporation being dissolved at the close of the year.
