Hobby Talk

Mrs. Imogene Leonard was the guest speaker at Woman's club meeting Monday afternoon in the House in the Woods. Her subject was "Dolls as a Hobby". She has over 300, dating back more than 100 years.

Her hobby house, built in the rear of her home on Square Lake road, Troy township, is 52 by 28 feet. It contains more than 700 objects she has collected in the last decade, exclusive of the dolls which occupy a room in her own home.

Toys in Mrs. Leonard's collection date back to 1840. There are 28 doll buggies, "pull toy" fire engines of iron, a tally ho, model stoves of iron and a set of 100-year old chalk building blocks. She has hobnail, Dew Drop, Lion, Frosted Rhythm and other famous patterns in glass and china. There are also 20 complete sets of children's dishes in rare patterns.

Milestone in a Career!

We see it happen over and over again—and it's one of the greatest satisfactions we enjoy in this happy business of selling Cadillac cars.

It's when a man comes into possession of his first Cadillac—and we witness the wonderful, wonderful things it does for him.

We see his happiness as he places his order—not as the result of a sudden inspiration, but because he has gradually reached the conclusion that he has earned the right to enjoy the unquestioned best.

And then we see him on that happy day when his car is available for delivery—and he settles himself behind the wheel.

He's a little quizzical, we sometimes note. Could it be, he wonders, that he's anticipating a bit too much?

And then he's out in the street—headed for home the *long way 'round*. There are *some* things a man wants to try for himself—with no one near to watch him!

Those are thrilling days that follow . . . the first long ride with the family . . . the first trip to the office, with a waiting delegation to admire his choice . . . and there's the time, perhaps, when he learns in an emergency, that his car is worth its *whole price* in safety alone.

And then, almost before he knows it, the odometer registers a thousand miles—and he's back to tell us all about it. And, perhaps, to grumble a little bit at giving it up—even for a checking over!

Yes, it's a priceless privilege to watch all this. Makes a man feel that he's doing good.
