(Continued from Page One) rally was cut short when, with a few minutes on the Birmingham 24, a pass by Maroon quarterback Bill Dotson was intercepted by Uphaw who went all the way to score the second time for Mt. Clemens.

In the fading minutes of the final period, Mt. Clemens was placed in scoring position when Birmingham halfback Gordon Mutch kicked out of bounds on his own 30.

THE BATMENS pushed toward the Maroons' goal, picking up three downs on four plays. First and goal to go with two minutes playing time remaining, Norbert Swadock, Mt. Clemens halfback went through the line to score the final tally of the game.

Ferndale to Face Injury-Riddled Maples Tomorrow

With but one victory in ten years over their nemesis, Ferndale, the Birmingham Maples encounter the Raispliters there Friday night, in an attempt to get back on the winning road.

Previously, the Raispliters swapped the Birmingham 24 and ran through Grosse Pointe 19-7, before losing to a team undefeated last two seasons.

CAOCH TED MEISTER, who has high hopes for this year's squad, said this is one of Ferndale's "big" games and that the team would definitely be "up" for this week's encounter.

Ferndale employs both the T and single wing formations, with the main offensive threat being one of the most effective passing attacks in the suburban area.

IN six-foot-three Jerry Gillikan, Coach Meister has a back whose running and pass-catching ability has caused one expert to compare him with Michigan State's All-American halfback Lynn Chadoin.

WITH HIS team riddled with injuries, Coach Vincent Seontine has said this is about the game. "With our lack of depth created by injuries, I'm afraid our chances of making it two in a row over Ferndale are pretty slim. But we hope to have 11 men on the field this Friday night."

A FRIEND IN NEED! DEED!

IS YOUR DENTIST just a friend in need? Chances are that you are one of the 74 out of 100 people who visit their dentist only when they are in "need" and suffering pain.

Only 26 per cent of our population go to their dentists for periodic examinations, even though the field of dentistry has expanded far beyond the mere filling and extraction of decayed teeth.

Remember, your dentist is an oral physician as well as an artisan. His advice and prescriptions should take the form of prevention as well as the alleviation of pain.
