We Apologize -

To our many customers and friends who were unable to be fitted for a ladies' or gentlemen's custom suit before last Monday, when prices were scheduled for a sharp increase.

Because of the very large number of orders received we were actually not able to take care of all who sought to save on that new Fall suit or toncost

In fairness to these people, we will not raise our prices on custom clothing until at the close of business on Saturday, September 23. Prices have already gone up, but we will absorb the raise on all orders received by that time.

We hope those of you who were disappointed will find time to come in before September 23
