"EASY LIVING" . . .

Pop's entitled to some easy living. And nothing will bring him home more happily than the thought of settling down in his special "easy" chair. Yes, Pop's chair has a mighty important item in the living room. And no matter what the decoration scheme . . . he should have his own corner . . . near the radio . . . where he can enjoy his evening paper.

The corner pictured above centers around "Pop's chair" . . . big, roomy . . . with plenty of spreading room. And of course, the all-important hassock for weary feet. A table close at hand . . . with a large ash-tray . . . and a good lamp . . . add the finishing touches to his own special mood. You can blend the colors . . . and furniture style into the rest of your room by careful choice. But if you don't have a special chair all his own . . . it's high time to think about it.

Our ideas on home decorating are built on a practical foundation. We help you to make the most of your decorating and furniture budget. Drop in and talk over your needs with us. We're always glad to see you.

If you were to sum up, in one word, the complete story of the new Pontiac, no word would fit so precisely as "wonderful."

It's the most natural thing in the world to describe Pontiac's rare beauty as "wonderful." No other word seems to quite do, either, for the luxurious comfort and appointments in Pontiac's big new Bodies by Fisher.

Perhaps the most "wonderful" thing of all is Pontiac's price—so low that virtually nobody seriously challenges the idea that dollar for dollar you can't beat a Pontiac!
