Judith Loud Home From Eight-Week NSA Tour of Europe

Miss Judith Loud, daughter of Mr. and Mrs. P. E. Loud of Lone Pine court, was among the 1,400 students who arrived on the student ship S. S. Volendam, in New Jersey, on September 17, after a summer in Europe.

She participated in a northern tour sponsored by the National Student Association and included visits in Scandinavia, Finland, England, France, Belgium and Holland, during her eight weeks in Europe.

THIS WAS the third annual student sailing of the 23-year-old reconvered troopship. The Netherlands government and the Holland-American Line arranged for its sailing under the auspices of two student organizations, the National Student Association and the Netherlands office for Foreign Student Relations.

The European program of NSA is a through-going student venture, in which foreign students act as guides, arrangers and hosts to the Americans selected for the study-tours and work camps. The entire effort is designed to further international understanding.

ABOARD the Volendam, a full-scale shipboard program was run by the students. Activities included language classes, lecture programs, a student-run ship's post, dance band and variety show. The Volendam is expected to sail again next year.
