

SAVE MORE BECAUSE POLICED FOOD PRICES

IT'S the most important news in the food business in Detroit! Packers are on the job — Policing Food Prices — Guarding against inflation — fighting to bring YOU lower food prices. It's a drastic campaign — but results are proving well worthwhile. Manufacturers and distributors are alert — and are cooperating with Packers to the limit. Packers have promised you that any item priced out of line will be replaced by one of equal quality at a sensible price. That fact has put "teeth" into this forceful effort to bring LOWER PRICES to shoppers at Packers. Check the results yourself at Packers tomorrow and Saturday. See how much MORE you save under POLICED FOOD PRICES!
