The place of security

There is a realm where hope is no longer precarious. It is the realm of unwavering understanding—spiritual understanding. It is the realm of Truth.

How may we find it? Through knowing (understanding) the same truth which Jesus knew, and which he promised would "make us free." The Christian Science textbook

SCIENCE and HEALTH with Key to the Scriptures
 by Mary Baker Eddy

plainly shows the way. To any sincere student this great book steadily unlocks the treasures of truth in the Bible and shows how they are practical.

Furthermore, its statements can be put to the test. It proves, by healing the sick, that the same truth Jesus knew is here. It is available today to meet humanity's need through the effective prayer of understanding.

You are cordially invited to visit a Christian Science Reading Room where this book and Mrs. Eddy's other writings, together with the Bible and all authorized Christian Science literature, may be read, borrowed or purchased.
