

Request Swim Pool Completion at High School

The question of completing the swimming pool at the new high school was brought before board of education members Tuesday night by Donald Chaffee, 1099 Glenhurst.

Chaffee said he thought it was a shame if the pool could not be completed along with the regular building program. He suggested that, if this were financially possible, the board at least discuss costs with the architect for a final survey of the problem.

He estimated the cost of completing the pool to be about \$75,000, but told the board this was only structural work. It does not include any mechanical equipment which would be necessary to keep the pool in operation.

On the question of financing the pool, Mrs. A. O. Thalacker, 1011 Westwood, asked if it were possible for the mothers of high school students to conduct a fund raising campaign.

"I feel there are a number of us who would gladly contribute toward this. It's quite possible that the entire amount could be raised and turned over to the board for the completion of the pool."

BOARD PRESIDENT Ernest Seasholtz told Mrs. Thalacker the board was in no position to sanction such a movement.

"We could possibly become involved in legal questions which would make it bad for us to take on such a suggestion," he said. "Something of this sort was done, or at least suggested, once before. At that time Milton Mendenhall did a lot of work to find out what could be done. I have forgotten exactly what his report was and suggest you contact him before making any definite plans. In the meantime, the board will review his previous findings with him also."

It was agreed that Swanson Associates would be asked for full information on the pool completion, although board members did not commit themselves to any further action on it.

CHAFFEE ALSO suggested that the board seek permission from the proper federal authorities to obtain the necessary reinforcing steel for the structure. He estimated this amount to be about four tons.

"There is a question," he said, "whether you can get the steel or not. I feel that you can. If, however, you cannot get it, that closes the question for once and for all. The pool seems so important to me, however, that I feel every course should be thoroughly investigated."

CHAFFEE POINTED out that the Barium pool cannot accommodate the persons wanting to use it. He said he felt the only solution was to include the high school pool in the current program.

EXCLUSIVE AT SFIRE'S

Empire's 4 STAR STUFFED POULTRY

Here's another 4 Star "First" ... specially selected turkeys expertly cleaned, free of pin feathers, filled with a deliciously blended bread stuffing and ready to put into the oven.

These ready-stuffed turkeys are vacuum-packed in a special "Cryo-Vac" bag which enables you to roast in the bag with these advantages:

1. SAVES TIME OF WASHING TURKEY AND REMOVING PIN FEATHERS.
2. SAVES TIME OF STUFFING TURKEY.
3. ELIMINATES NEED OF BASTING IT.
4. RETAINS ALL THE NATURAL VITAMINS, JUICES AND FLAVOR.

WE ALSO WILL CARRY EMPIRE'S STUFFED

- CAPONS
- DUCKS
- CHICKENS
- POUSSIN
- PHEASANTETTE

Air Cooled For Your Comfort
