A&P Has Good Buys Galore To Help You Keep Cool When Temperatures Soar

Customers' Corner

Have you noticed that chickens generally are plumper, meatier than they were a few years ago?

The principal reason for this is the "Chicken-of-Tomorrow" breeding program, sponsored by A&P with the cooperation of the poultry industry.

This six-year program has resulted in chickens that mature when they are younger and more tender, and have more meat in relation to bone.

Why don't you try the superior chickens at your A&P and let us know what you think of them? Please write:

To Determine Sewer Costs

At their Monday night meeting, city commissioners decided to investigate just how much over the \$600 maximum the city will be assessed if certain drainage problems are to be solved.

Under law the Oakland County drain commissioner is limited to \$600 to clean out any drain except by action of the various post subdivision affected.

Mayor Chad Riddle was first to wonder just how much more than \$600 the job of cleaning out the city drains would cost.

City Commissioner Lance Minor said, "That's what I've wondered too. I think we are entitled to know the approximate estimate of cost to clean up this situation."

Y's Summer Activities Draw Heavy Attendance

More than 70 youngsters were on the chartered bus that left Birmingham yesterday with a group of local Y's baseball fans. It marked the final summer event of the Birmingham YMCA. In-Y program which featured "An Adventure Day with the YMCA."

Regular participants in this program numbered 31 and as high as 159 youngsters availed themselves of Y activities from June 25 to date.

This figure does not include

boys who attended three Y camps or those who will attend the last session including the H-Y training camp at Hays-Wentworth starting Aug. 23.

Programs in the Y will recess until Sept. 1 to permit personnel to take short vacations.
