Michigan State Highway Department officials weigh every large truck entering Michigan at key points carefully selected for high percent of traffic control. Only one truck in 77 weighed

Although the proportion of violators is not overwhelming, Michigan's recognized motor carriers are even more anxious

than you to have that one weight pirate in 77 stopped. In fact, we wrote and sponsored legislation designed to stop him.

We're anxious to stop him because we pay his bills. Gasoline, weight, and other special taxes paid by Michigan commercial

vehicles last year totaled nearly \$30,000,000 - 21/2 times the total cost of maintaining all the state's trunk highways last year.

Reducing highway costs will reduce our taxes - and yours.

THIS HOUSE is the consciousness of God. In this house we are safe from fear or harm under the control of God.

In this complete and perfect for God, there is no cause for fear and no one has the capacity to fear. So consciously at one with God, identified by Him, and classified by Him. And He hath done all things well!
