

Selection of things to do in one's spare time is very important. The mind requires change from routine activities. Hobbies that result in making material objects, or reading, listening to good music, etc., are conducive to eliminating worries.

Credits MacArthur With Outstanding Rehabilitation Job

General MacArthur has done a "wonderful job" in rehabilitating the Japanese in the five years since 1945 is the opinion of Cliff Drury, associate state YMCA secretary, who spent several weeks last year in Japan as part of the U.S. program for developing youth programs and leadership.

Drury told Birmingham Rotarians Monday noon: "No one will appreciate MacArthur's task when he took over in 1945 and started with almost nothing in Japanese economy, industry, public health and similar matters," Drury stated.

"Yet today you can see the wonderful progress made in these five years."
Next week's Rotary meeting will hold Thursday evening at Oakland Hills country club in conjunction with the club's annual "Ladies' Night."
