Dr. Harris Will Preach
THEME:
"Let The Lord's Business Be Sound"

The truck driver is a safe driver. He has to be to hold his job. His company cannot afford to gamble with human lives—precious cargoes—expensive equipment—damage suits.

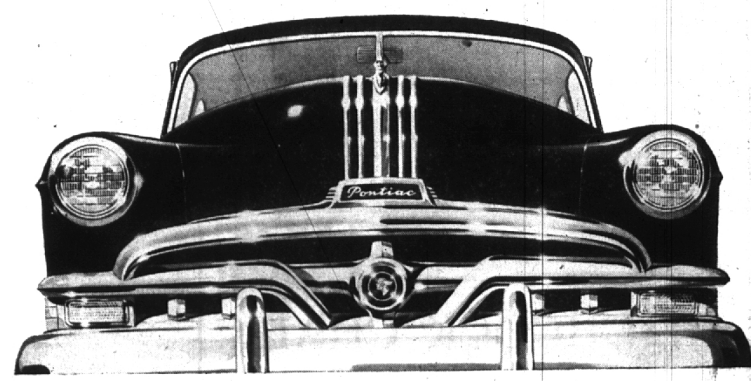

As responsible motor carriers, we must make safety our business to stay in business. That's why we invest so heavily in safety equipment and inspection for all vehicles. That's why careful and scientific driver selection and training are part of the Michigan Trucking Association's Safety Program.

The result? No group of drivers has a safety record comparable with that of the drivers for commercial motor carriers.

Safety is our business

Dollar for Dollar you can't beat a Pontiac

For Miles and Miles of New Car Pleasure!

A new Pontiac owner is in for a very satisfying revelation: The thrill of those first miles, the pleasure of new-car performance is built right into a Pontiac and stays there, for miles and miles—year after year!

The first time you get behind the wheel, you are almost sure to feel that nothing can equal the sheer fun of those first few miles! And indeed it is a wonderful feeling to be in command of a performer like Pontiac. Pontiac's power surges easily, eagerly into action; its ride is so smooth and sure-footed; and Pontiac handles with such effortless ease.

No car on the road has a better record of dependability than Pontiac. No car on the road requires less attention. No car will perform so long, so well, with so little maintenance.

This is something very important to think about when you select your next new car. It's one of the important reasons why Dollar for Dollar, You Can't Beat a Pontiac.
