

Tests

(Continued from Page One)
 hearing retests and makes referrals to the parent as indicated.
 She may suggest consultations with a medical source or appropriate agency. Where it is necessary, financial assistance is secured in order to achieve vision corrections advised by medical sources or clinics.

"THE BIRMINGHAM Lions club has been most generous in providing the Massachusetts vision testing equipment," Mrs. Kopp's report states.
 They have also supplied eye-glasses when they have been prescribed for needy cases.
 At the school, tests may result in changes in seating or other classroom adjustments after

teachers and principals have discussed the problem.
 Mrs. Kopp also is trained as an audiologist and instructs parents in administering the hearing survey test. She is also available for consultation in interpretation of hearing test results.
SHE GIVES THE individual audiometric retests in cases where difficulties arise or where there are speech complications. She consults the school nurse concerning hearing loss referrals to be made to parents and to medical or agency sources.
 Hearing difficulties in the classroom may result in seating changes to give the child every advantage to use the optimum of residual hearing.
 If lip reading or the use of a hearing aid is indicated, the speech correctionist provides instruction as part of her class

schedule. Preventive instruction is given to children with hearing losses and to their parents to aid in social and psychological adjustment, to provide for the most effective use of the child's hearing ability and to avoid possible further damage to his hearing.
TESTS ON THE pure-tone audiometer are given after the instructor and their parents returned from the League, Dr. Arnold F. Funkel, pastor of the First Methodist church, Birmingham, and Miss Estelle Martin, family service agent in Oakland county, presented their views of planned parenthood.
 A fourth member of the panel was Mrs. Campbell Harvey, president of the Michigan League, Martin L. Bittel of Birmingham was moderator for the discussion presented at the Birmingham Community House in conjunction with a February drive for funds totaling \$6,000 in Oakland county.
DR. RUNKEL said he believed planned parenthood was part of the answer necessary to achieve the individual happiness emphasized in the Judeo-Christian tradition.
 Dr. Sutton pointed out that planned parenthood is the outgrowth of comparatively recent information regarding birth control and human reproduction.
 The articles must be approved by nine South Oakland cities and Southfield township. As yet a location hasn't been decided for an incinerator. Estimated cost of this central disposal unit is about \$650,000, to be financed by revenue bonds.

Panel Speaker

REV. A. F. RUNKEL
 The Michigan League for Planned Parenthood received endorsement from a minister, doctor and social worker.
 In a panel discussion sponsored by the Oakland county chapter of the League, Dr. Arnold F. Funkel, pastor of the First Methodist church, Birmingham, Dr. Palmer E. Sutton, M.D., of Royal Oak and Miss Estelle Martin, family service agent in Oakland county, presented their views of planned parenthood.
 A fourth member of the panel was Mrs. Campbell Harvey, president of the Michigan League, Martin L. Bittel of Birmingham was moderator for the discussion presented at the Birmingham Community House in conjunction with a February drive for funds totaling \$6,000 in Oakland county.
DR. RUNKEL said he believed planned parenthood was part of the answer necessary to achieve the individual happiness emphasized in the Judeo-Christian tradition.

Eldon Auker Asks for Help For Little League Baseball

BY RAY DENNIS

An appeal for donations and help in the sponsorship of a baseball league for local boys from eight to 12 was made this week by Eldon Auker, president of the Birmingham Little League Baseball organization.
 Auker pointed out the group's objective is to organize a hard baseball league to operate during summer months in Birmingham. Little League Baseball, Inc. is a national organization with headquarters in Williamsport, Pa., which operates under its own national rules.
THE PRESIDENT emphasized that the biggest problem is finance.
 He said, "We don't want individually sponsored teams. We want all the people in the community to be a part of this work. The more donations we get, the more people we will have interested in the program."
 Auker said he was making the plea on behalf of Little League baseball and the youth of Birmingham to help make the undertaking a success. Financial donations should be sent to the treasurer, Jerry Walcutt, 183 Oakland.

THE LOCAL SETUP will start with four teams to make up one league, Auker stated. Any boy in the Birmingham school district between the ages of eight and 12 is eligible to try out for a team. Tryouts will be conducted the latter part of May or the first of June.
 Rules provide for 15 players to a team, taken from each age group. All players on each squad will be completely outfitted with regulation uniforms and will have a manager and coaches. In addition, each game will be officiated by league umpires.
 The playing field will be set up at Pierce field and will be two-thirds regulation size. Balls and bats will be of Little League baseball standard and also will be two-thirds regulation size.

Auker pointed out that in order to carry out the program, volunteers for managers, coaches and umpires are needed. Applications for these positions should be mailed, together with qualifications, to Auker at 315 South Glenhurst drive.

Officers of the league were elected Feb. 2. Vice-president is William Bartholomew, 164 Wilkesborough; secretary, Dan Elliot, 360 North Woodward; and treasurer, Jerry Walcutt, 183 Oakland.
 Members of the executive committee are Malcolm Adams, 533 North Eton and Rev. Theodore Waggner, 496 West Lincoln. On the publicity committee are Hal P. Buerge and Ray Dennis.
 The local league will be the first to be formed in Michigan. One of the main reasons for organizing in Birmingham was that in the past, there has been no organized baseball activity for boys under 12.
 Auker was a former major league baseball player and pitched for the Detroit Tigers, Boston Red Sox, and St. Louis Browns.

City Man Assists Chaplain in Korea

Cpl. Richard Arens, 19, son of Mr. and Mrs. August Arens, 1856 Bennaville, is with the U. S. Army Ordnance division as a chaplain's assistant.
 Cpl. Arens enlisted in May, 1949, and went to Fort Riley Kan., for basic training. Later he was graduated from the automotive school at Altamira, Cal., going from there to Seattle, Wash., in February, 1950.
 He was sent to Japan last March and in August was ordered to Korea. He was promoted to corporal shortly after his arrival there.

Garbage, Rubbish Authority Articles Approved by City

Articles of incorporation of the Southeastern Oakland county garbage and rubbish authority were approved by the Birmingham city commission Monday evening.
 Although the city approves the articles, it is not yet a member in the authority. Membership requires each municipality to enter into a contract with the authority for the disposal of its garbage and rubbish.
CITY MANAGER Donald C. Egbert set the best course to follow would be tentative approval of the articles, in order that a contract can be drafted and both the articles and the contract approved at one time.
 The articles must be approved by nine South Oakland cities and Southfield township. As yet a location hasn't been decided for an incinerator. Estimated cost of this central disposal unit is about \$650,000, to be financed by revenue bonds.

Continue Rezoning Hearing to Feb. 13

A public hearing to consider changing classification of property bounded by Hayes, Adams, Webster and Hunter from income bungalow residence to business B has been continued until Tuesday evening, Feb. 13.
 The hearing was scheduled for Feb. 5, but was held over because of the absence of City Commissioner Ralph Main.
 The city plan commission recommended a change to Business A only. In addition, both the city commission and plan commission has received a petition from several property owners in that area objecting to Business B.

vestment director for banks in Munich and Amsterdam.
ANOTHER Birmingham graduate, William H. Baldwin resident of the University of Michigan law school in 1941 and immediately joined the air force. He joined the Office of Strategic Services in 1945 and in 1946 was assistant prosecutor at the first Nuremberg trial.
 Ward is a political science professor at the University of Michigan and is known as an expert on Japan. In 1949, he was in Japan investigating the new system of local government established there since the war.
 Kelly is associate history professor at Wayne university. He is a specialist on United States foreign policy, diplomatic history and United States constitutional history.

MOODY, NOW in Washington

Michigan's civilian defense plans, a call has been issued for volunteers for that area's police and fire auxiliaries.
 Supervisor David Anderson said persons willing to serve should contact the township offices as soon as possible. Classes will get underway soon.
 Civilian defense plans will be discussed at the Feb. 12 township board meeting.
 Anderson said a public hearing will be held that evening on whether or not to lift township rent controls.

January Accidents Injure Six in City

The January 1951 accident report is almost identical to the same month last year. Police Chief Ralph Mosley said this week. A total of 29 accidents were reported during the month. Six persons were injured in five personal injury accidents. The total estimated property damage was \$4,444.
 The 1950 report carried 28 accidents with \$6,820 damage.
 There were 23 types of violations this year as against 24 in 1950.

Council of Churches Plan Lenten Services

Birmingham Council of Churches will hold its regular monthly meeting Feb. 13 at the Community House.
 Plans for Good Friday union service March 23 at the First Methodist church will be made and pastors and topics selected.

\$120,000 Bond Issue Removed From April Ballot

Because the Michigan Municipal Finance Commission doubts the saleability of general obligation bonds for street improvements that have not been confirmed, city commissioners Monday night removed from the April 2 ballot a proposition asking for \$120,000 in bonds to pay city share of future development of Oak and Pierce streets.
 The city still will seek voters' approval of a \$99,000 bond issue for completing the W. Maple project in the Rouge valley.
 If the Oak and Pierce projects are confirmed in 1951, there still will be time to issue the bonds if approved at the April, 1952 election, explained City Manager Donald C. Egbert.

Bloomfield Twp. Calls for Civil Defense Volunteers

As a part of Bloomfield township's civilian defense plans, a call has been issued for volunteers for that area's police and fire auxiliaries.
 Supervisor David Anderson said persons willing to serve should contact the township offices as soon as possible. Classes will get underway soon.
 Civilian defense plans will be discussed at the Feb. 12 township board meeting.
 Anderson said a public hearing will be held that evening on whether or not to lift township rent controls.

Ground Observers Hold Second Test Here This Weekend

Richard Dewey, supervisor of local ground observer activities, will lead the participants in a nationwide exercise Saturday and Sunday, Feb. 10 and 11.
 The municipal building observation tower will be manned from 9 a.m. to 5 p.m.
 "The current exercise," Dewey said, "will be about the same as the one held Nov. 4 and 5, and in Birmingham, will use about the same persons."
 The greatest difference will be in the manner of reports made to the filter center. The current exercise will report only military planes where last fall all planes were reported.
