### Customers' Corner

Did you ever hear of "quality control"?

At A&P this means that we set high quality standards for the food we sell... and then we stick to those standards throughout and with a "bargain" sale.

You won't find us lowering our high quality standards because supplies happen to be scarce, or because we want to put on a "bargain" sale.

That is why you can shop at A&P, day in and day out, with complete confidence that if, for any reason, you are not satisfied with any purchase, your money will be cheerfully refunded.

We will be grateful for any suggestions you may have that will help us maintain our high quality standards. Please write:
