Three Local 'Y' Cage Teams Lose
 All three representative teams from Birmingham were defeated in basketball encounters this past week and are in the throes of a starvation threat for victories.
 The Northern Oakley quintet of the Highland Park Branch YMCA took the measure of the Men's varsity team 69 to 22.
 Playing the oldest pattern of basketball play known, which is short passes with a fast pass into the post position and a break around for a hand-off and lay-up shot, the Northern basketballers took an early commanding lead and never relinquished it.

HALF-TIME SCORE was 35 to 10.
 Ruge Reynolds and Jim Kothe made 20 points between them.
 Birmingham connected for only 12% of its shots. Al Guzzo, diminutive forward for Northern 'Y', dropped in 19 points to lead the scoring.
 The Birmingham senior boys' team dropped its first game when Northern 'Y' Senior boys rallied in the last quarter to come from behind and win 35-26.
 Birmingham 'Y' led throughout the contest until the last four minutes when Northern went into a man-to-man press offense and scored on repeated break-aways.
 Paul Mulligan, Jim Halls, and Jack Siler scored seven points each for Northern while John Burton led the local five with six baskets and two foul shots for 14 points.

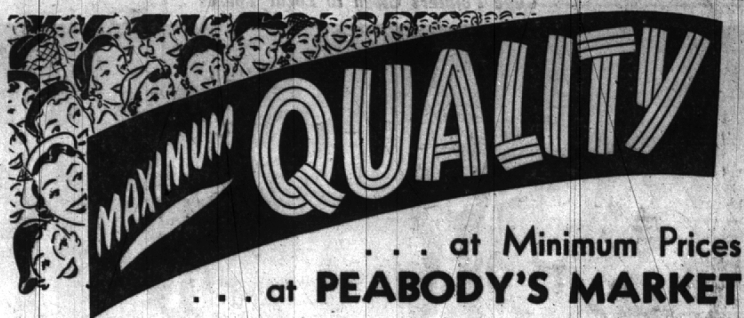

THE BIRMINGHAM 'Y' Junior boys dropped their seventh game to Hannan 'Y' 73 to 38. Hannan's 14 year old foot 7 inch center and his six foot colleague were too much for a scrappy local five to contend with as they battled on the Detroit's floor.
 The Stinson cousins, Tom and Sam, together with Harold and Andy Fairbanks, scored 30 of the Green's points while Jim Langlo and Ed Mayer scored 28 points between them for Hannan.
 Birmingham's teams travel tonight while the Junior Boys team opens its home stay by taking on Fisher 'Y' Saturday afternoon at the First Baptist church.

Business Meeting
 Members of the Birmingham Lions club held their regular monthly business meeting at the Community House Wednesday noon. No program was held.

New Courses Added To Southfield Adult Education Program
 Second term of the Southfield township schools adult education program will get underway Monday evening, Feb. 5, according to Mrs. Donna Ranko, director.
 New courses to be added are "Stocks and Bonds," an education class in investments; and a "Singing School."
 Classes are held in the Southfield school, corner of Berg and 10 Mile roads. The director emphasized that the courses are not restricted to residents of the township, but are open to any person.
 Registration can be made at the board of education offices in the McKinley school, corner of Southfield and 10 mile. In addition, registrations will be taken Monday evening, Jan. 29, and the first evening of school.
 Approximately 100 persons were enrolled this term.

City Considers Water Coolers
 Purchase of four water coolers for the municipal building will be considered at Monday's meeting of the city commission.
 Mayor Bruce Booth requested that the matter be held over until Monday so that he can investigate some additional prices.
 So far, the best price submitted has been \$172.50 for each of four coolers. They would be installed in the police and fire departments, and one in each of the main halls of the municipal building.

March of Dimes Chairmen Named
 At a Jan. 10 kick-off meeting in Waterford, final plans for the 1951 March of Dimes were made by committee members. The drive will open Jan. 15, in northern Oakland county continuing for the balance of the month.
 Dr. Raymond G. Tuck, campaign chairman, said increased demands on the county's police funds made it necessary for the local chapters of the National Foundation for Infantile Paralysis to support the drive wholeheartedly.
 Mrs. Ben Clark will have charge of the activities in Southfield; Mrs. Philip Maxwell, Bloomfield Hills, and Mrs. G. Lester Sells, Birmingham.
 Traditional canisters will be placed in public places throughout the county.

Bottle Storage. Generous bottle storage for milk and other beverages is located right next to the cold of the Superfreezer. Plenty of height, too, to accommodate tall bottles, fruit juice cans, and pitchers. Beverages are always pleasingly cool.

Meat Storage. Meats stay market-fresh for days in the moist cold atmosphere of the meat drawer. Its generous storage capacity (up to 6 in. deep) will easily accommodate high-standing roasts, large fowl, etc.

Butter Conditioner. A great convenience and a real economy. Compartment holds one pound of butter at 59° to 70°—with a handy dial you select the degree of softness you want for easy, wasteless spreading, or mixing.

Deep Drawers. Both fruit and vegetable drawers are of generous capacity, and have a depth up to 6 in.—deep enough to accommodate king-size melons, grapefruit, lettuce, or cabbage. Keeps fruits and vegetables garden-fresh.

Stainless-steel Superfreezer. Cannot rust, chip, or corrode. Generous storage capacity for frozen foods in addition to four freezing trays. Very fast freezing of ice cubes and desserts. Front and rear are enclosed for faster freezing.
