

# WALNUT LAKE NEWS

By GENEVA STEVENS  
MATTHEW 4-2477

**TA Speaker**  
The PTA meeting will meet at school Tuesday evening at 8 o'clock. The speaker will be the visiting teacher of the Birmingham school system, Mrs. Carolyn Dugan. She will discuss "Understanding Children."

**Book Review**  
The Garden club will meet next Thursday at the home of Mrs. Ed. Jerry and Bob who live in the city. Mrs. Ed. Jerry will review the book, "Birds Over America" by Roger Peters. All members and interested people are invited.

**New Neighbors**  
Mr. and Mrs. E. Delaney have purchased a home at 5235 Putnam drive. They came from Detroit and he is the owner of the city-wide softener service of Birmingham. They have three grown sons, Ed, Jerry and Bob who live in the city.

**Mr. and Mrs. Mason Noble** moved to the new home on Middlebelt road in time for the holidays.

**Personally**  
Elnae Palmer, daughter of Mr. and Mrs. John C. Palmer, spent several days in Dearborn visiting her cousin, Suzanne Richards, and Bobbie Hammond. She returned to Detroit with them.

**Mr. L. E. Taylor** of Traverse City visited his sister, Mrs. Arthur Kane during the past week. Mrs. Kane entertained her sister and Mrs. Vincent.

## "CHRISTIAN SCIENCE" HOW IT WORKS

This Free Lecture on Christian Science Will be Given by

**ARCHIBALD CAREY, C.S.B.** of Detroit

Member of the Board of Lecturers of the Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

**Shubert Theatre**  
Lafayette Blvd., cor. Shelby

**TUESDAY, JANUARY 9**  
At 12:10 Noon

ALL ARE WELCOME

## The link that had to come

The two main roads to the solution of life's problems, divergent though they may, have seemed to be, are the way of Science and the way of Religion. These two paths converge in Christian Science. Today the rational thinker finds logic, supported by proof, in the religious thinker's deep conviction of a primal cause, or intelligence, called God. Science and religion can now agree, for through the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, the actual Science of Christianity has been revealed. This great book shows, through reason and revelation, the solution to problems of health, supply, or of any other kind. It may be obtained at all Christian Science Reading Rooms.

10 A.M. to 6 P.M., and Evenings  
Except Wed. and Sat., 7 to 9 P.M.

## STOP those 1-0-n-g nights of Tossing and Turning

Cold winter nights are mighty uncomfortable if you're kept awake by a bumpy mattress. Let us rebuild and renovate your old mattress to insure the maximum of comfort. Our great one-day service has only one drawback—you'll hate to crawl out of your comfortable bed on these chilly January mornings.

## Holiday Games Troublesome for Local 'Y' Squads

Birmingham YMCA Varsity men's team didn't face well in holiday encounters on the basketball floor as host Westerners Alpha by a 46 to 19 score, and to league leading Downtown 'Y' in a thriller by the close count of 54-31.

In the game with Western, the local "badsters" could not cope with the man-to-man defense set up by the opposition and likewise failed in their attempts to control the backboards. Jack Crier snuck 12 markers for the Detroit squad in the scoring department. Dick Bluman sparked the Birmingham effort with an eight point total.

**IN THE GAME WITH DOWNTOWN 'Y'** Rags Reynolds led the locals through a grueling three periods both on offense and defense in the dark green maintained a slim lead only to see it fade away as Downtown mounted three consecutive set shots from mid-floor. Birmingham was ahead 13 to 9 at the half and 18-17 at the end of the third quarter.

The lead changed hands six times during the last quarter of the game. Rags Reynolds and Rosy Littleton scored 18 points between them to lead the Birmingham offense.

**Birmingham 'Y' Men's varsity** will be striving for its first win when it meets the Northern Reds from Litchfield Park tonight in Birmingham.

**THE INTERMEDIATE BOYS** team chalked up its fourth and fifth consecutive wins as it won 15-12 over Downtown 'Y' and 28-15 over a scrappy quintet from Windsor YMCA of Canada.

Jack Hooper with 15 markers in the Windsor game and six in the tilt with Downtown led his group in scoring.

**Birmingham 'Y' Intermediate** boys now lead their division with five wins and no losses. They meet the northern Orange quintet tonight.

**Birmingham Junior Boys** were turned back by Northeastern 'Y' 52 to 18; St. Anne 'Y' 69 to 10, and Northern 'Y' 52 to 17 in games played during the school holidays.

**Dick DeLoria, Don Couch, Andy Fairbanks, Bob Macrus, Chuck Poole, Harold Mitchell, Henry Burdick, and Ken Witherspoon** played well for Birmingham but lacked height and the experience of their opponents.

**The two boys meet an undefeated Hannan 'Y'** five this Saturday in Detroit.

## THE PENALTY BOX

## HORSE SENSE AND NONSENSE

BY ALICE E. MORGAN

**ISN'T IT FUNNY?** . . . how we, as a nation, decide that each alien living within our country must register with the immigration and naturalization

I know, it's a means of checking on those who are here illegally. It's a way to determine how many are here from the so-called "enemy" countries and to see if they are really what they seem to be. Those whose permits are about to expire.

However, by and large, there are any number of aliens within our borders who never think of the place of their birth as "home." They are intensely loyal to the United States and often more so than the fact that they cannot vote, are among our top citizens.

Why haven't they become naturalized? There are many reasons which have nothing to do with their loyalty to this country. What some of them are, is a matter of health. Others have failed to do this because their particular field of work keeps them constantly on the go.

They are never in one place long enough to go through all the technicalities of naturalization. In spite of this, deep in their hearts, they are Americans—100 per cent.

how our basic national sentiment is to permit others to enjoy in the hands of some, these are turned against us as inordinately destructive weapons.

Take, for example, our freedom of speech. We speak plainly and forcefully about whatever comes into our heads. It makes no difference whether it be neighbor or government.

Those who would damage or destroy our nation, this great privilege as one of their tools. Through their talk they create friction between groups and classes. Through paid "whisperers" they start rumors which tear apart the trust man has for man.

It is true, laws protect us against abusive speech against literature, but how can you tell? Without a doubt, many of the comments you and I make during the course of a week's conversation could come under that classification. Do you feel you should be jailed because you question some government act or policy? I don't. Enemies cash in on this.

how tough and un sentimental we want everyone to think us? We make caustic remarks about those people who cannot manage their own affairs and declare they deserve no help whatsoever.

We sound off about other countries failing to produce crops and manufactured materials enough to even begin to fill the needs of their people. We crack wise, all right, but then what do we do? First thing we know our government is breaking its neck to set up a loan for our ailing neighbor. We lend the money for them to buy our produce and merchandise and even sell them more than the amount of money they have on hand. We throw in added incentives for them and are tickled pink when they become our customers.

Business and the government do our own little spree. Telephones ring, housewives check cupboards, closets and attics for foodstuff and clothing no longer worn by their families. Sewing machines hum and knitting needles click as social groups begin a campaign for new clothes for babies.

The children of the towns throughout the country scurry around collecting toys, picking up the various articles their mother's groups are working on. Every house and garage starts to look

## BOY SCOUTS

**FROSTY SAYS:**

Members of this troop are busy preparing for their mid-winter paper drive, timed to strike markets when paper is at its highest price.

All patrols will bring the paper collected to Adams school on Saturday, Jan. 13 for shipment. A ticket to the Sportsman's show in Detroit in March will be presented to each scout who has collected 1,000 pounds of paper with one point going to each patrol for every 100 pounds of paper turned in. The top three patrols will receive prizes of equipment.

By popular vote of the troop, the money raised during the drive will be used to build and equip a special trailer. This will be available to the city for disaster relief in addition to being used by scouts for long-distance camping trips.

Chinese first used paper at an unknown date. By 156 B. C. they were making it from the pulp of the Mulberry tree.

For the results they bring, Classified Ads are so inexpensive.

## ALBERT RICHARD Action-Fit SPORTSWEAR

OPEN All Day Wednesday and Friday Evening

## Spun Sun
