How to make Wise Tracks to a Beauty

How do you buy a new car? Are you one of those people who buy on love at first sight? Or do you check cars feature for feature, price for price—then pick the one that gives you the most for your money? Whichever you are, we'd like to suggest that you come in and see our 1951 Buicks.

It's a sure bet that you'll go for the swift, smart look of a SPECIAL, SUPER or ROADMASTER—you'll fall seriously in love with the pace and power of its bonnet-filling engine. And it's a cinch you'll go for the room and richness of those Buick interiors—the serene smoothness of Dynaflow Drive* and all-coil springing. But don't let your emotion be the only judge—be sure to get the practical picture too. Note that the power that gives you such a big kick here comes from Buick's famed valve-in-head Fireball Engine—which means you get a lot of miles from each gallon of gas you buy.

Note that the silken ease you enjoy with Dynaflow* goes hand in hand with real money savings in maintenance costs.

Above all, note what a Buick's price tag includes—how much more sheer automobile you get in a Buick than the same money would buy elsewhere.

How about making tracks to our showroom right soon—checking thoroughly into the matter—and see if you don't fall in love with a smart-buy Buick?

NO OTHER CAR PROVIDES ALL THIS:
DYNAFLOW DRIVE* • FIREBALL ENGINE
4-WHEEL COIL SPRINGING • DUAL VENTILATION
RUSH BAR FRONTEND • TORQUE TUBE DRIVE
WHITE GLOW INSTRUMENTS • DREAMLINE STYLING
BODY BY FISHER
WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM
