

BITS OF BIRMINGHAM

There are times when the sun is expected to surprise in more ways than one. This was the case last week when Genaro Flores of Orchard Lake took his son to Kalamazoo to play in the state tennis tournament. Sunny ended in the quarter-finals but his sister Jean and her friend Sara Tryphall won the girls' doubles title.

A three-man committee has been appointed by the Birmingham Rotary club to investigate the possibility of establishing a similar club in nearby Big Beaver. Stanley Reinhardt is committee chairman, assisted by Walt Kaiser and Stuart Baker.

These days, when everything is going higher, the Wright brothers ever dream of going. It's certainly a relief to see that there are items which can be purchased at "civilized" prices. While driving around the farm area north of Birmingham the other day we happened across a roadside sign which read: "Bait, Minnows, 10c doz.; frogs, 10c each; worms, 50c per 100; fresh eggs, 40c doz."

Isn't it about time someone came forth with some "heat the heat" suggestions? Usually the first warm day brings out a flock of new ideas and by the time it gets as hot as the past week has been, most people are going around in circles trying to remember just what Aunt Minnie said was the best thing to do. So far, through our own personal observations, about the best thing to do is get up early in the morning, get the work all done, and go to bed in the afternoon—the Spanish siesta idea. Couldn't our local merchants and business places inaugurate such a system for the shoppers we have been having lately?

Arrangements for the annual Birmingham Rotary club picnic at George Baldwin's Orchard Lake

home are just about completed, according to Club President Rev. Glen Harris. Details will be announced at next Monday's meeting, he said.

The meter room in the basement of the municipal building is being painted this week. Various workers in that department are doing the operation whenever they have some extra time from their routine duties.

In case of emergency in Troy township, all residents will eventually be able to hear the sirens. As part of the civil defense program, two additional sirens were ordered and recently arrived. They will be erected on the Community hall and in the 16 Mile and Brooks road area, according to Supervisor Norman R. Barnard.

Visitors to Southfield township board meetings have had a pleasant surprise the past few meetings. Previously, the amount of chairs was very limited and most spectators were forced to stand while township business was taken care of. One of the first actions of Supervisor William Rosser, who took over in April, was to order a sufficient supply of chairs, so visitors would be more comfortable. They arrived several weeks ago, and for most meetings are enough to accommodate all persons attending.

Clyde P. Crane III, son of Mr. and Mrs. Clyde P. Crane II, 952 Brookwood, is making an outstanding record in swimming at Camp Javara, near Brighton, this summer, according to the camp's Red Cross swimming instructor. Young Clyde will soon be ready to pass his official test for the intermediate Red Cross swimming card. Last year Clyde was awarded the camp's junior trophy for being the year's outstanding camper.

Birthdays, anniversaries, guests, births, parties are all news—all the society editor about them.
