

PLENTY OF YOUNGSTERS collect military patches and insignia, but not all of them advertise to increase their collections. That is what seven-year-old Bobby Townend, Placen second grader has done. Bobby began his collection about a year ago and became so enthused with the idea that he saved money enough to place an ad in the paper in an attempt to increase his hoard which now numbers about 70 pieces. Bobby is reading books and studying magazines to increase his knowledge on the subject, but needs no special training to recognize the German helmet of World War I shown at his left. He is the son of Mr. and Mrs. Robert Townend, 166 W. Lincoln. (Dick Shirk Photo)

Tax Spread
Birmingham board of education approval was given the tax millage spread for 1951 at 3.52 mills for operating (this is within the 15 mills limit), 5.00 mills voted by the people for operating and 9.50 mills voted by the people for buildings. The equalized valuation for 1951 tax period is \$38,308,099. County supervisors will be notified of this tax spread.

Birthdays, anniversaries, guests, births, parties are all fewer—call the society editor about them.

BILL BARTELSON, 11-year-old son of Mr. and Mrs. Sten Bartelson, 432 Baldwin, displays the shell of the 30-pound snapping turtle which he caught a week ago in Quanton lake. Bill, a budding naturalist, is pretty proud of his big catch. The shell measured 14 inches across and the turtle was nearly twice that in length. At present Bill is playing "foster mother" to the 27 eggs the turtle laid after capture, and is hoping their incubator will be successful and soon have a flock of little snappers scurrying about the house. Customers' Corner

What do you consider good service in a food store? Do you get it at your A&P? Of course, we expect all our employees to be friendly and courteous. But we think good service goes beyond that. We train our employees to be prompt, efficient, helpful and accurate as well.

Good service, also requires that the store itself be clean, well stocked and well operated.

Any time your A&P doesn't measure up to these yardsticks of good service, our loyal employees want to know about it. Please write:
