

### Local Violinist Ends Concert Tour On the Continent

Charles Turner, young Birmingham violinist, son of Mr. and Mrs. Kenneth Turner of 188 Oakland, has returned to the United States after a musical tour of several European countries.

Turner went to Copenhagen last November with Samuel Barber, eminent American composer, as his assistant on the tour.

Under the sponsorship of Radio in the American Sector of Berlin, Barber's group, with Turner as featured soloist, toured several countries, bringing entertainment

to those peoples from the entire world.

Turner's experiences were many and varied, including an invitation from "a little old lady" to play in Belgium at some future date. He later discovered her to be the queen of that country.

**DURING HIS TOUR** of Switzerland, he completed his stay there and left the country of the Alps only a matter of hours before the avalanches began which claimed many lives.

Mrs. Turner said he had returned to his teaching duties at the Buckley country day school at Great Neck, L. I., "not because he really wanted to come back to the States but because he felt he had been away long enough."

ONE OF BIRMINGHAM'S oldest houses is this one located at 264 West Brown and now owned by Mrs. Alice White. According to city records, the house was constructed on South Woodward about 1860 and was moved to its present location in 1893. During several remodelings and repairs, the house has maintained an extremely modern, new look and shows little evidence of its advanced age. That portion including the side door and to the rear has been added to the original structure. (Joe Wheeler Photo)

## A NEW BLOOMFIELD LAKE DEVELOPMENT

UPPER LONG LAKE has been controlled by a few large estates for many years. There are no cottages, unsightly boat houses or public boat livery—no hot dog stands, soft drink booths, or other unsightly developments to mar the beauty of the landscape, AND THERE WILL BE NONE.

☆ ☆ ☆

### There Are Only Twelve Sites

Nine have lake frontage—three have lake privileges. Dimensions vary because most of the lots are somewhat pie-shaped. All have a depth varying from 500 to 900 feet.

These lots are on a high ridge commanding a beautiful view—are sensibly, however carefully restricted, and are available from \$1750 to \$4500. We recommend your early inspection of Long Ridge Subdivision.

REMEMBER, THERE ARE ONLY TWELVE AVAILABLE.
